There are places, so they tell us, where "prohibition is a joke." Of course! What prohibition law was ever enacted that was not a joke in the beginning, in some places?

The question is, not whether the law is somewhere a joke, but how much of a joke. And the answer is—nowhere near as big a joke as the state laws were at the same stage. Every dry state had to go through a time when the law was openly defied, with the notorious enforcement officers, and the unceasing connivance of the whole local governments of the still unadjusted communities.

There is nowhere where the Federal law is in as bad repute as that. And there are few, if any, places where it is better than that. It was a year ago, if we may judge the future by the past of the states which went through the same experience, the transitional stage of Federal prohibition is destined to be shorter and easier than was the case with any of the states.

"I WILL use all my influence to get the United States into a world court that is based on liberty and justice," says Senator Borah, "but I will vigorously oppose my country's entry into a court dominated by the foreign offices of Europe."

In that case, Senator Borah should come out for the existing world court, exactly as now organized. For this is its exact basis. Its members are no more beholden to the "foreign offices of Europe" than is Chief Justice Taft to the governor of his state of Ohio, or to the ghost of President Harding, who appointed him.

They are not all even Europeans. One of the most distinguished is an American. Which European foreign office "dominates" him?

The possibility of domination might be argued as to a panel judges of The Hague tribunal, to which we are already signatory. But not of the Permanent Court of International Justice. That is exactly why it was made "permanent."

INSANITY MAY BE PLEA OF SLAYER

LOS ANGELES, March 30.—A defense of insanity, similar to that offered by Kid McCoy at his recent trial, will be the plea of a patrolman James J. Hickey for possession of a revolver. The shooting climaxed a quarrel, he said. Hickey was recovering today from two flesh wounds received when he resisted arrest after the slayings, which occurred at his home early Sunday.

Distraught attorneys today ordered that Hickey be examined by state mental experts, indicating they are anticipating the former patrolman will plead insanity.

Police said Hickey tried to kill himself when he arrested him, the gun falling to explode.

Two Bandits Rob Fashionable Cafe

LOS ANGELES, March 30.—The fashionable Rendezvous Cafe, in downtown Los Angeles, was entered at 7 a. m. today by two bandits and robbed of approximately \$1000.

The loot represented the previous night's receipts and was locked in the safe. With a revolver in each hand, the robbers made M. A. Rossini, steward, unlock the vault and hand over the currency. Rossini was then locked in a check-room closet, and released later by other attendants who were attracted by his cries.

Start Plans For Flight To Honolulu

SAN PEDRO, March 30.—Preparations for the navy's non-stop flight between San Francisco and Honolulu were started here today, with the selection of two pilots to represent the battle fleet in the flight.

Lt. James H. Strong and Lt. Comm. Ralph E. Davidson were the aviators selected. Lt. Strong is in charge of the observation and bombing squadron here and Lt. Davidson is commander of the battle planes aboard the airplane carrier Langley.

The flight is scheduled for early in May. Besides the two men already selected, two more will be picked from the cruiser fleet. The planes to be used are Boeing bombers.

MERGER PLAN IS VOTED BY RAIL OWNERS

CHESAPEAKE AND OHIO LINE IS TO BE ABSORBED BY VAN SWERINGEN ROADS

4 OTHERS IN SYSTEM

Minority Stockholders Are Losers In Fight To Lease Railway For 999 Years

RICHMOND, Va., March 30.—Approval of the proposed entry of the Chesapeake and Ohio railroad into the Van Sweringen railroad merger by its stockholders was assured today when leaders of the majority group favoring the merger said they voted in excess of 500,000 shares of the 885,000 shares outstanding.

Minority group leaders said they had voted 137,000 shares. The remainder was not accounted for.

The four other railroads involved, the Erie, the Pere Marquette, the New York, Chicago and St. Louis (Nickel Plate), and the Hocking Valley, have approved the merger proposal. They lease their properties to the new Nickel Plate system for 999 years and accept stock in the new company in payment for their properties.

Minority in Opposition.

Strenuous opposition has been advanced by minority stockholders in the C. & O.

Albert L. Stiles, New York, is leader of the minority faction, which claims it is being deprived of its profitable property without due process of law.

The road has "averaged dividend earnings" of \$6,500,000 for each of the last 10 years, is now earning \$12,000,000 a year and has a potential capacity of \$20,000,000 a year, Stiles claims.

The vote was on the question of leasing of the road for 999 years to the Van Sweringen controlled Nickel Plate railroad, keystone of the consolidation. With the Chesapeake and Ohio, went the Hocking Valley, of whose stock 80 per cent is controlled by the former road.

Will Fight in Courts.

Leaders of the minority group announced they would fight the lease through all courts.

The next step in consummation of the merger lies with the interstate commerce commission, before which is pending the Van Sweringen's application for federal approval. The four other roads involved already have approved through stockholders' meetings.

The Van Sweringen merger contemplates a system of 9012 miles long, stretching in 12 of the richest and most prosperous states in the union—New Jersey, Pennsylvania, New York, Indiana, Illinois, Missouri, Kentucky, West Virginia, Wisconsin, Michigan and Ohio.

PANAMA CANAL WATERS ROCKED BY EARTHQUAKE

BALBOA, C. Z., March 30.—The waters in the Panama canal were disturbed by an earthquake late Sunday. No damage was reported.

The quake was the heaviest here since 1913.

The epic center of the disturbance was believed to be about 150 miles north of the canal.

QUAKE RECORDED ON NEW YORK SEISMOGRAPH

NEW YORK, March 30.—The seismograph at Fordham university recorded an earthquake Sunday afternoon. The instrument showed the earth movement started at 4:15 and reached the highest point at 4:33 o'clock.

TREMORS PREDICTED BY ITALIAN SEISMOLOGIST

The earthquake which rocked Central America Sunday was predicted Saturday by Professor Bendandi, the Italian seismologist, in a United Press dispatch from Fano.

Bendandi's forecast of an earthquake in North America a month ago was fulfilled by a quake which shook the United States east of Chicago.

Bendandi predicted the disastrous earthquake in Japan two years ago.

The record of the quake on the Fordham seismograph was found by Dr. John S. O'Connor, in charge of the observatory, after being called by the United Press and informed of the quake in Central America, and of Bendandi's prediction.

"It juzzles me," Dr. O'Connor said, "because it was apparently predicted so accurately by Bendandi."

Although Bendandi is practically unknown to scientists in this country, Dr. O'Connor said, he added that he could not help taking notice of Bendandi's work when the Fordham seismograph seems to confirm his prediction.

POLICEMAN NAMES CHAPMAN AS KILLER

HARTFORD, Conn., March 30.—Gerald Chapman was named today by the only eye-witness to the shooting of Policeman James Skelly of New Britain, Conn., as the man who did the killing.

Policeman Alfred Atwater, of New Britain, was the witness. He described going to the scene of the robbery, which preceded the shooting.

"We went down the alley," he testified. "Skelly was behind me as we entered the building."

"I went in first and as I did, that man over there," and Atwater pointed to Chapman, who was sitting hunched down in his chair, with his eyes fixed on the witness—"pulled out his gun and fired three shots."

"He said, 'put up your hands or I'll shoot,' and then he shot."

REGISTER'S FUND FOR STORM STRICKEN PASSES \$722 MARK

Santa Anans, sympathizing with the sufferers from the cyclone disaster in the middle west, in dollars and cents, today had expressed their sympathy to the amount of \$722.50, this being the total of the fund raised through The Register.

"I haven't a great deal to give, but I am happy to contribute a small amount to help the hundreds who suffered in-

Heavy Rains Take Big Life Toll In Peru

LIMA, Peru, March 30.—As heavy rains continue to swell Peruvian rivers, many villages were facing complete destruction. The swollen torrents, bursting down from the mountainsides, are wiping out roads, carrying away buildings, and taking a heavy toll of life.

In the maritime department of Lambayeque, the situation has assumed the character of a catastrophe. Three-quarters of the buildings are reported to have collapsed.

A dispatch from Eten, a small seaport, says many workers, attempting to erect a barricade to dam the rumbling torrents, were drowned.

From Trujillo, capital of the department of Libertad, comes a report that many buildings have collapsed and many lives taken. Within the last 24 hours, 96 metric tons of water have fallen.

GERMANS TO AGAIN VOTE FOR LEADER

Popular Ballot Fails to Record Actual Majority For Any One Candidate

CALL NEW ELECTION

Socialists Make Big Gain Over Communists; Fascists Trail Last In Polling

BERLIN, March 30.—Germany's first march to the polls to select by popular ballot its president, today found no candidate receiving an actual majority. Another election, to be held April 26, will be necessary.

Official figures, as compiled to 11 o'clock this morning, follow:

Jarres, Nationalist, 10,380,000.
Braun, Socialist, 7,780,000.
Marx, Centrist, 3,880,000.
Thaelmann, Communist, 1,860,000.
Helphach, Democrat, 1,560,000.
Held, Bavarian, People's Party, 1,000,000.
Ludendorff, Fascist, 380,000.

Socialists Gain On Communists.

The Socialists have been making severe inroads into Communist ranks, the result shows in the reichstag December elections, the Communists polled 2,700,000 votes. Despite active campaigning, Thaelmann, Communist candidate, mustered but 1,860,000. In several supposed strongholds, the Communist vote dropped by more than 50 per cent.

General Ludendorff, candidate of the extreme right secessionists, made a pitiful showing, running last.

The election proved beyond doubt that the Socialists remain the strongest individual party in Germany.

Victory For Republicans.

The result constituted a victory for the three Republican parties, Socialists, Democrats and Centrists—although Dr. Karl Jarres had a lead of 200,000 over his nearest opponent.

The so-called Weimar coalition polled a total of 13,220,000, which, compared to the Jarres vote of 10,380,000, indicates more than sufficient strength to gain a victory in April, if the Republicans can unite upon one candidate.

The election found the reactionaries grouped solidly behind Dr. Jarres and the right vote showed virtually its full strength.

Dr. Jarres may prove to be the coalition candidate.

The voting was less than 70 per cent of the registration and fell considerably behind that polled in December.

Although a few minor street clashes broke out, in which several persons were taken to hospitals, there was slight disorder throughout the country.

Right's Support Fails.

The right candidates—Jarres and Ludendorff—failed to receive expected support in several monarchist centers. Ludendorff polled but a few hundred votes in Potsdam, home of the kaiser regime. Jarres was behind in Hanover, where Von Hindenburg, who recommended him, lives.

Even in Munich, Ludendorff's home, the voters turned thumbs down on the general.

The Empire bloc will meet tomorrow to discuss ways and means of converting the second Republican victory within four months to an Empire victory.

Assuming that the Republican bloc votes substantially at the first coming election as it did yesterday, it would win, even if Dr. Jarres and General Ludendorff's votes are switched to the Empire faction.

Dr. Willy Helphach, president of the Baden Free Press, seems eliminated as a possible joint candidate.

The extent of Ludendorff's fiasco became evident when later reports from the Fascist stronghold of Munich showed he received but 380,000 votes, obtaining only 10 times that number through the reich.

RICKARD FINED \$7000 IN FIGHT FILM SHIPPING

NEWARK, N. J., March 30.—Tex Rickard and his associates in the production of the Dempsey-Carpenter prizefight pictures, were fined from \$1000 to \$7000 each today for illegal transportation of the fight films. The fines are:

George L. (Tex) Rickard, \$7000.
Fred C. Quimby, movie producer, \$7000.
Jasper Muma, newspaperman, \$7000.
Frank L. Flournoy, prizefight matchmaker, \$1000.
Teddy Hart, secretary to Jack Kearns and Jack Dempsey, \$1000.
William D. Randolph, who pleaded guilty on the first day of the trial, was fined \$500.

Sentence was passed by Federal Judge Bodine, before whom the case was tried. The charges were filed as a result of information which came into the session of the government during the senate investigation of the department of justice a year ago.

Remarks from the bench made a week ago by Judge Bodine had caused fear by Rickard's friends that he might be sent to jail. Rickard's attorneys had said they would not appeal the case unless a jail sentence was imposed.

ELECTRICIAN MAY DIE FROM BURNS

BENJAMIN DELANTY, 21, manager of the Edison electric substation at Katella, was seriously burned about the upper part of his body, when he fell into a part of the distorting system at the plant at 10:30 a. m. today. He is at the Orange County hospital, where physicians say his condition is critical. He may die.

According to an account of the accident, Delanty was cleaning a condenser when his foot slipped and he fell into a mass of heavy wires, many of which carried high voltage. He was rescued almost immediately by fellow workmen, but when lifted from the pit, flames covered his entire body and his clothes were almost entirely burned off.

As a result of the accident, the electric service to Anaheim was paralyzed for approximately 25 minutes, the switch being pulled in order to save Delanty's life.

Delanty has been a resident of Orange county for three months, coming here from Pasadena, where his father is superintendent of the Edison plant. His father and mother arrived at the hospital, shortly before noon.

ASSIGNS MITCHELL AS STAFF OFFICER

NEW YORK, March 30.—Brig. Gen. William Mitchell on expiration of his term as assistant chief of the army air service, April 27, will be assigned as air service officer of the staff of the Eighth Corps area at San Antonio, Tex., with the rank of colonel. Secretary of War Weeks said today. This definitely disposed of the Mitchell case for the time being. It is understood, as no immediate disciplinary action is now contemplated against Mitchell for his alleged insubordination in criticizing the alleged inadequacy of the army and navy air service.

FINANCING OF ROADS HOLDS FIRST PLACE

Legislature Enters Ninth Week of Session; Adjournment Drawing Near

FEW ISSUES SETTLED

Major Matters Still Under-termined Among State Lawmakers at Capital

SACRAMENTO, March 30.—The biennial budget bill, bearing appropriations totalling between \$144,000,000 and \$159,000,000, was sent to Governor Richardson today for his signature. The assembly concurred in senate amendments budgeting the highway commission revenues for the next two years. There was no opposition to the amendments.

Highway financing held the center of the stage today as the legislature entered the ninth week of its session. Only three weeks remain until the tentative date set for sine die adjournment, and practically none of the major issues has yet been settled.

Senator Arthur H. Brede's measure, proposing a 1-cent increase in the gasoline tax, is still before the Senate committee on revenue and taxation, with no indication of its being reported back to the upper house at the present time. The committee meets again on Wednesday, but whether action will be taken on the bill at that time is still a matter for conjecture.

Considers Owens Valley Bill.

Tonight the senate judiciary committee will begin consideration of a measure introduced by Senator J. M. Inman, which permits one municipality to pay damages to another. The bill is sponsored by the citizens of Owens valley, as a result of the recent controversy with Los Angeles over the water situation in that section.

According to residents of Bishop, here in support of the bill, the measure is intended to pay reparations for the damage caused the farmers of Owens valley, done through taking water from the Owens river, but insists that the present law will not permit them to do so.

Bill under consideration tonight is merely an enabling act, which will give Los Angeles that legal authority.

This afternoon the assembly was to be concerned with the advisability of excusing children from school from one to three hours weekly for religious instruction. The proposal is contained in a bill introduced by Assemblywoman Eleanor Miller, of Bakersfield.

Much of the opposition to the proposal is voiced by members of the Seventh Day Adventists, who regard the movement to be an opening wedge for alleged religious instruction within the public schools.

Department Non-Committal.

The department of public instruction has been very careful not to become involved in the fight, but some of those connected with the department are known to look with disfavor on the proposal to shorten the number of school hours.

Assembly Charles H. Duell, of Chico, is preparing certain changes in his constitutional amendment providing for a change in the method of selecting the superintendent of education, he made known today.

The constitutional amendment in its present form provides for the appointment of the superintendent of education by the board of education. The changes in the amendment, contemplated by its author, increases the number of members on the board to nine and the length of their terms to nine years.

Duell will present his changes to the assembly committee on constitutional amendments tomorrow night, he stated.

Block Attempt to Stop Murder Trial

SAN FRANCISCO, March 30.—Possibility of Dorothy Ellingson, 16-year-old murkide, escaping a murder trial on the claim she is insane, was temporarily blocked today.

Judge Harold Louerback, presiding jurist, refused to grant the defense motion that Dorothy be given an insanity hearing on the basis of an affidavit by Dr. Jau Dor Bail, University of California criminologist, which declared the girl mentally deranged.

The court held that it must be proven Dorothy's insanity is of such status as to prevent her from understanding the nature of the murder charge against her, before the trial could be halted.

Press Time Bulletins

BOISE, Ida., March 30.—William J. McConnell, 87, Idaho's first U. S. senator and second governor, died today, at his home in Moscow. He was the father-in-law of U. S. Senator William E. Borah.

PASADENA, March 30.—Charles H. Sap, of Aihambra, was killed instantly here this afternoon when his automobile collided head-on with a Pacific Electric train.

LOS ANGELES, March 30.—Attorneys for Paul C. Rabe, Long Beach promoter, convicted of fraud in connection with promotion of a dock and terminal project, today filed motion for a new trial.

CHICAGO FRUIT AUCTION.

CHICAGO, March 30.—Oranges, best 15 cents up; others steady; best \$3.50@3.60; medium \$3.40@3.50. Lemons 40 cents up; best \$4.50@5.50; medium \$4.00@4.40.

BAND CONCERT

Last Number in the Course
WEDNESDAY NIGHT
at the
"POLY" HIGH AUDITORIUM
8:15 p. m.

Season Tickets may be reserved at the Santa Ana Book Store. Single Admission, 75c

EXPECT 2-CAR TRAIN ON TRIP TO U. S. FLEET

Reservations made up to today indicated that a 2-car train would be necessary to accommodate passengers on the Orange-Santa Ana Chamber of Commerce excursion to the battleships at San Pedro tomorrow.

At Orange, 75 reservations had been made and 25 had been made here, with possibility of the number being increased at each place before tomorrow morning.

The train will leave Orange at 8 a. m., and Santa Ana at 8:15. The hour of departure from Santa Ana has been changed from 8:30, according to announcement today by A. L. Olinger, secretary of the Santa Ana chamber.

Pointing out that excursionists would be given a special service from San Pedro to the battleships by government boats, Olinger said that the fare for adults is \$1.50 from Orange and \$1.35 from Santa Ana. For children between 5 and 12 years of age, the fare from Orange is 75 cents and from Santa Ana 68 cents.

According to R. H. Beaton, secretary of the chamber of commerce at San Pedro, preparations are being made for entertaining this week 300,000 visitors to the fleet. It was estimated that 200,000 persons visited the warships last week.

LAGUNA BEACH, March 30.—Mrs. Nellie J. Krieger, a teacher in the Chino schools, who has owned a cottage at Arch Beach for some time, is a week-end visitor at her beach home.

Mrs. Julia Bracken Wendt, sculptress, was a week-end guest in Laguna Beach. While here, she looked over the spot that has been chosen by the Woman's club to place the children's fountain which she designated and executed.

Mrs. Wendt in company with Mrs. William Swift Danell, made a survey of conditions to be met in the proper placing of the fountain, such as nearness to the beach, adaptability to the needs of the children and the landscaping of the surrounding bit of ground. The fountain will stand at the foot of Laguna avenue and will mark a beauty spot in the town.

E. Carl Smith, the noted Pasadena artist, has purchased the two story Patterson house on the ocean front at Arch Beach. The place will be decorated, the grounds will be landscaped and the place will be made into one of the most attractive along the coast. Trees and shrubs will be extensively planted.

Mr. Smith, who is a member of the Laguna Beach Art association, has been an exhibitor in the gallery for many years, and it was the first hand view of the beauty here that made the Smiths want to live on the coast. Although world travelers they think that Laguna Beach is the loveliest place they have ever seen.

H. H. Henshaw of Laguna Beach and Gilbert Farley, a teacher of the voice in Los Angeles, have just returned from a four days' trip to Bakersfield, where they have been investigating some new oil land that looks like a winner, according to Mr. Henshaw. This is the second trip they have made in the last three weeks.

The Junior auxiliary of the Community club is to hold a fashion show the evening of April 3. The fashions displayed will be both modern and ancient and will be in charge of Miss Marjory Watkins and Victory Rankin, the patronesses for the evening being Mrs. Roy W. Peacock. The Junior auxiliary is busy with plans for many interesting things that will happen in the near future.

Mr. and Mrs. Lawrence Hohn of Los Angeles were at the Willett cottage, Arch Beach, over the last week-end.

Mr. and Mrs. J. W. Means of Tustin were in Laguna Beach on business.

Miss Madge Stephens of Tustin and her sister, Miss Ray Stephens of Los Angeles, were Laguna Beach visitors.

Dr. and Mrs. Harley Bowen of Pasadena were week-end guests at their Arch Beach cottage. They were accompanied by Mrs. J. G. Meek, Mrs. Bowen's mother. Many friends called to see them during their visit.

Margot Sangster, who has been quite ill with the "flu" is in the Tustin high school again.

Mrs. Julia Browne Storde, the president of the Woman's club of Laguna Beach, was a Santa Ana visitor last Thursday.

WILL NOT BLISTER
Better than a mustard plaster

Prisoners Are Being Moved to New Jail Today

Jailers are waiting for their first new prisoners in the new Orange county jail. All of yesterday they waited, but not a prisoner was brought in, and today they still wait.

Police of Santa Ana have not made an arrest since last Friday, and the sheriff's department has the same record for the last 48 hours.

Deputy sheriff's, jailers and trustees were busy this morning moving furniture, pictures, records and other equipment from the old jail to the new, and at noon today started to transfer their prisoners to the new jail.

Women prisoners, numbering four, were transferred Saturday. The men prisoners are being moved by tanks, only a few being taken over at a time. Jailers said today it would be late this afternoon before all the prisoners would be transferred, but that all would sleep in the new quarters tonight.

The stove of the jail, together with other kitchen equipment was moved early today and the first meal was cooked in the new jail this afternoon.

S. A. WOMAN AIDS QUEST FOR HEIR TO BIG ESTATE

A long search for a missing heir to an estate said to be worth several hundred thousand dollars ended here today when Mrs. T. J. Neal, wife of the proprietor of the cycle and sporting goods store at 412 East Fourth street, wired to her aunt, Mrs. Mildred Walker, at Atlantic City, N. J., the address of Mrs. Neal's father, Albert R. Stiffel, at Seattle.

Mr. Stiffel is a brother of Mrs. Walker. Their father, Rengier Stiffel, died several years ago at Lancaster, Pa., and distribution of the estate has been held up pending location of the missing heir.

Mrs. Neal was entirely ignorant of the death of her grandfather, and information of this fact came to her and her husband in a letter from a Montana friend, who had seen in a magazine an article advertising for heirs to the estate. The letter was received here yesterday and the telegram went forward today.

According to Mrs. Neal, her grandfather was the founder of the city of Lancaster, Pa., and at one time had vast land holdings in that vicinity.

She had not been in touch with her grandfather for years and did not know that he had passed away. Her father also had been out of touch with his father and had no knowledge of the death. The value of the estate is not known to Mrs. Neal.

Mr. Stiffel is one of three heirs who will benefit, the other two being Mrs. Walker and another sister.

C. R. Stiffel has lived in Seattle two years, and was preparing to come here on a visit to his daughters, Mrs. Neal, Mrs. Arthur C. Ekland, 811 South Main street, this city, and Miss Hazel Stiffel of Los Angeles. The three women are his only children.

It also was learned today that a brother of C. R. Stiffel left home when he was 12 years of age and that he never has been heard from since. It is presumed he is dead. C. R. Stiffel is 65 years old.

EL MODENA
EL MODENA, March 30.—Mr. and Mrs. Nichols, who until a few months ago owned a grocery store here, will open a grocery store at Delhi soon.

Mrs. Doris Gray and children and Mrs. Mary Lentz motored to Monrovia and were guests of Mrs. Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching, burning and that cleanses and soothes the skin. Soon after the first application of Zemo you will find that irritations, Pimples, Blackheads, Rosacea, Blisters, Ringworm and similar skin troubles will disappear.

Zemo is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy. It is a non-greasy, disappearing ointment that may be applied during the day. Trial bottle 5c, large size \$1.00. Zemo Ointment is recommended for eczema and healing. Zemo Soap, antiseptic and healing. 25c. All drug stores.—Adv.

Let Tanlac restore your health

If your body is all fagged-out and run-down, if you are losing weight steadily, lack appetite, have no strength or energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to that effect that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, barks and herbs. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another precious day. Step into the nearest drug store and get a bottle of this world-famous tonic.

Tanlac Restored
Her Health

"Typhoid fever reduced me to 95 lbs. and left me weak as a rag. Failing to get relief from other sources I tried Tanlac and after 6 bottles had gained 20 lbs. Now I enjoy a fine appetite and feel like a new woman. As a nurse I give Tanlac to all my patients."

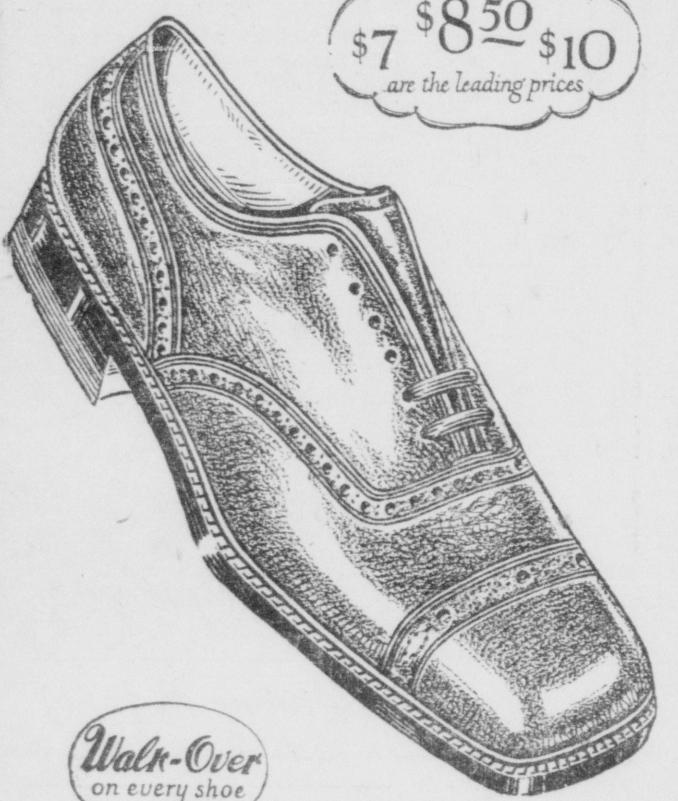

Mrs. J. B. Terry,
1101 Park St., Ft. Worth, Tex.

That's the first important step back to health and vigor.

Walk-Over SHOES for Men and Women

\$7 \$8.50 \$10
are the leading prices

Walk-Over
on every shoe

What goes into shoes besides feet?

LEATHER, for one thing, and—when they are Walk-Overs—more style and fit and comfort than you may have thought possible. You'll find here at the Walk-Over store at least one shoe that was designed to fit your foot exactly. Take one step in it and discover things about shoe fit and foot comfort that you never knew before.

One thing is the clinging heel fit of the exclusive Walk-Over pear-shaped heel. In some styles you find the Walk-Over Main Spring Arch. That is a piece of

hand-tempered tool steel, in a patented design, suspended at three points, and bedded in a bit of soft, resilient rubber.

When your feet are normal, you do not know that the Main Spring Arch is concealed in your shoe. When muscles tire, the Main Spring Arch gives them a grateful, comforting support before they begin to ache.

Whether you want a Main Spring Arch or not, you'll find that the Walk-Over shoe you choose here is the finest-fitting style shoe you ever wore.

The Walk-Over Main Spring Arch, found in many smart styles of Walk-Over shoes.

6 IN RACE FOR ORANGE COUNTY PROBATION JOB

At least six applicants for the position of chief probation officer of Orange county will be considered when the county juvenile committee meets at 7:30 p. m. today, at the home of Mrs. W. M. Smart, 714 North Main street, to recommend a successor to R. R. Miller, who has resigned.

That several other applicants would file papers asking for the appointment, before the day has passed, was intimated.

Miller resigned last Thursday, to accept a position as assistant superintendent of Associated Charities of Los Angeles county, and he is waiting for their date to his new position it is thought that Judge E. C. Drumm will appoint his successor as soon as the committee makes its recommendation.

The committee, in session tonight, will select one man from the number of applicants and present his name to Judge Drumm for appointment.

Herman Zabel, superintendent of the bureau of identification, at the sheriff's office, is one of the candidates for the position, and LeRoy Warren, superintendent of attendance in the Santa Ana public schools, is another. Both are familiar with the work. Other candidates who have made application either through W. C. Roberts, secretary of the juvenile committee, or through members of the committee, are Al Hitchcock, of the county court clerk's office; A. H. Morrow, of the Santa Ana laundry; H. E. Kellington, assistant probation officer of Los Angeles county, and Max C. Holmes, of Tustin.

POLICE TO PRESS RIGHT-OF-WAY LAW

Warning to drivers of automobiles on Santa Ana streets, who do not respect the police sirens and who fail to give the right-of-way to police cars on emergency runs, was issued today by Chief of Police Claude Rogers, who said that failure to give way in the future would result in arrest of guilty persons.

It is a state law that drivers of automobiles, on hearing a police or fire siren, shall immediately stop their cars as near the right curb as possible, until the vehicle equipped with the siren shall have passed. Police sirens are not used except when the police are on a hurry call, according to Rogers.

The state law specifies a minimum fine of \$10 for violation of the law. "Santa Ana automobile drivers are becoming more and more lax regarding this law," Rogers said today. "Our officers are making good speed on these runs, and it endangers their lives and those of pedestrians, if motorists stay in the middle of the street when they hear the police siren. I will instruct officers in the future to arrest all persons who violate the state law."

Farm Bureau Notes

It was erroneously stated in The Register Friday that the two vineyard demonstrations planned by the farm bureau and the agriculture extension bureau would be held on April 1 and 2.

Both demonstrations will take place April 1. The first will be held at the vineyard of C. E. Utt, Lemon Heights, at 10 a. m. Growers are asked to meet at the Golden West Packing house on Newport road, Tustin, at 9:45 a. m.

The second meeting will take place at 2 p. m. at the vineyard of W. O. Eades, New Hope road and Fifth street, between Santa Ana and Garden Grove.

The executive committee of the Seven Southern Counties Poultry department will hold an important session in the hall of records building, April 4, it was announced today by Will Hatch, chairman. All poultrymen are invited to attend. Among the matters to come before the committee will be adoption of rules and regulations for the Accredited Breeders and Hatcheries project and election of officers.

According to Hatch, the session Saturday will be one of the most important held by the committee since its organization.

Name Dairy Directors. New directors of the dairy department of the Orange County Farm bureau, elected at the meeting held in the hall of records building Saturday, are Robert Hazard, F. H. Finley, W. L. Wakeham, Steve Grisct, J. P. Raitt, Paul Swayze and Steve Luther. The directors will meet in the near future to elect officers.

W. P. Fuller & Co., paints, varnishes, plate and window glass, mirrors, 520 W. 4th St. Phone 861.

You And Your Friends

J. A. Cranston, city superintendent of schools, F. L. Andrews, member of the board of education, D. K. Hammond, George Walter Duncan, R. A. Bates, Burton Rowley, Robert Horne, W. S. Kellogg, H. G. Nelson, Miss Ruth Rowland and Miss Lucy Agar were among Santa Ana's school instructors in attendance Saturday at the vocational next June luncheon being held at the grill room in the Broadway department store, Los Angeles.

Miss Emma Hardy, talented young violinist of Balboa island, was a visitor in Santa Ana on Thursday, playing several delightful numbers at the assembly of the high school, her alma mater. Those hearing the little violinist noted great improvement since her trip east. Miss Hardy is now a pupil of Amsterdam of the Los Angeles Philharmonic orchestra, and also conducts classes at Balboa and Newport Beach.

The Misses Marvel and Frances Baker of 719 Spurgeon street and their house guest, Mrs. H. L. Millis, left Saturday for a two-day trip to Catalina island, booked by the McCormack agency. The party were guests at the St. Catherine hotel, Mrs. Millis and her little daughter, Laura Virginia, and Miss Laura Baker are from Chicago and are guests of Mrs. J. H. Turner of 706 Spurgeon and of Mr. and Mrs. E. S. Baker of 719 Spurgeon street. Mrs. Millis is a niece of Miss Laura Baker and of E. S. Baker. She and her little daughter will be here until May 1 and Miss Laura Baker will stay in Los Angeles. They are enjoying weekend-end trips to Laguna Beach and to other points on it.

Among the many interesting itineraries being planned for Santa Anans by the McCormack Steamship agency is a trip for Mr. and Mrs. George Stocks, son Reginald Stocks and Mr. Stock's aunt, Mrs. A. School of 1902 Spurgeon street, who are booked to leave on the Union Pacific April 5 for New York city, from which port they will sail on the Levitan on April 11, their destination being Burton-on-Trent, England. They will visit there for twenty-five days, leaving May 12 on the Manchuria for the return trip, via Havana, Cuba and the Panama canal to San Pedro.

Mr. and Mrs. Wallace B. Sterling of 1326 North Broadway enjoyed a visit yesterday from their old friends, Mrs. George Will and her niece, of Nevada, la., who are wintering in Los Angeles. They also called upon other old Nevada friends.

Mrs. Charles A. Preston has returned to Santa Ana after spending a pleasant two weeks with her son-in-law and daughter, Mr. and Mrs. James G. Welch in San Diego. Mrs. Preston is now located permanently in the Spicer court, 616 South Van Ness avenue.

Interesting visitors in the city Saturday were Mrs. Leslie Alderman of McConnelville, O., and her daughter, Miss Maydelle Alderman of Los Angeles, who stopped en route to San Diego for a short visit with Mrs. Eleanor Elliott and Miss Margaret King. Mrs. Alderman has spent the winter in the southwest, principally in Big Springs, Texas, where the family maintains a winter home and

PAINS SO BAD, STAYED IN BED

Lady Whose Health Had Not
Been Good for Several Years
Says She is Now Well After
Taking Cardui.

Gainesville, Ga.—"My health had not been good for several years," says Mrs. L. H. Cantrell, of this place.

"I suffered from womanly troubles which grew worse and worse as the months went by," says Mrs. Cantrell.

"For about three years I frequently had very severe pains at my . . . These were so bad that I was forced to go to bed and stay there. It seemed to me my back would come in two."

"Last year I taught school for a while in this county (Forsyth), but my health was so bad I would have to stay out sometimes for a week at a time. This went on till I got so bad I didn't know what to do."

"One day I read in the papers about the wonderful merits of Cardui and as I had some friends who had been helped by it, I thought I would get a bottle and try it."

"I began to get better after I had taken half a bottle."

"I was so delighted with my improvement that I decided to keep on with the Cardui and give it a thorough trial. And I did."

"I took it in all about twelve bottles and now I am perfectly well. . . . I do not suffer any pain and can do all my housework."

Ask for Cardui at your druggist's.

where Mr. Alderman, a banker of the east, has been prominent in the business development of the community. Mrs. Alderman and Miss Alderman will return in the course of a week or two for a more extended stay with Mrs. Elliott and Miss King.

Leaving Saturday for her home in New York city, over the Southern Pacific lines, Mrs. P. H. McCormack, concluded a pleasant visit in Santa Ana with her mother, Mrs. D. E. Peters, and sisters, Miss Lillian Peters and Mrs. H. C. Frye of 1102 North Sycamore street, and Mrs. E. P. Gilmour of 918 Garfield street. Mrs. McCormack arrived in Santa Ana early in February.

Miss Theodora Beecher, who for the past fifteen years has been head of a department at Rankin's dry goods store, but who has now severed her connection with the firm, left Wednesday for New York city, where she will take some special work and visit her three sisters in various cities in the east. The many friends of Miss Beecher will be delighted to know that she is returning to California, and will be connected with Ballard and Brockett at San Diego, putting in a stock of her own. Her stay in the east will be curtailed on account of this arrangement.

Mrs. C. H. Steele has arrived in Santa Ana to accompany back to her home in Portland, Ore., Miss Clara Bonnell, who has been here for her health. They are traveling Southern Pacific, leaving last night.

Mrs. H. O. Eggen of Hemet, formerly a well known resident of Santa Ana where Mr. Eggen was a member of the high school faculty, has been spending a week of business and pleasure in Santa Ana, Costa Mesa, Newport Beach and Orange. While in this city, Mrs. Eggen was a guest at the home of Mr. and Mrs. George E. Peters, of 110 West First street. The Eggens are now ranching in the Hemet valley.

Chester W. Baxter of the Orange County Trust and Savings bank, and Mrs. Baxter of 108 1/2 West First street, spent the week-end at the cabin at Big Bear. They came yesterday afternoon in a severe snow storm.

Mr. and Mrs. Raymond O'Connor of 511 East Fifteenth street are planning to leave next week for Pasadena, where Mr. O'Connor will be employed in the postoffice. Their many friends here will regret their departure. Mr. O'Connor was connected with the Southern Counties Gas company for two years.

Mrs. Nellie Doak of Riverside came down yesterday to spend her birthday at the home of her brother-in-law and sister, Mr. and Mrs. J. P. Baumgartner of 1718 North Main street.

Dr. and Mrs. C. H. Brooks, Dr. and Mrs. Dale Brockett, the Misses Dorothy and Marjorie Peebles, Mildred Whitson, Virginia Berry, Doris Hill and Margaret Hale; Messrs. Jim Eudaley, Spencer Hill, D. Cook, Rufus Longmire, J. Frank Rice, Orris Whitson, Biff Gray, Herbert Meisenger, Carvel Baldwin and Myron Godwin formed a merry party which went grungon hunting last Friday night, searching for the festive little fish along the beach between Newport and Huntington Beach.

Dr. and Mrs. Dale Brockett of 2411 French street enjoyed a week-end visit with Dr. Brockett's parents, Mr. and Mrs. I. T. Brockett of San Diego. I. T. Brockett is of the firm of Ballard and Brockett, owner of a large department store in the southern city.

J. N. Griffith of Laguna Beach was an outgoing passenger over the Southern Pacific for San Jose last evening.

Mrs. Phillip Lutz and son, Lawrence, accompanied by Miss Mary Lutz, spent the week-end at San Diego and were joined by Mr. Lutz and son, Everett, on Sunday, returning with them in their automobile.

C. V. Hurlbert, of Des Moines, Ia., arrived Monday evening for an indefinite visit with his mother, Mrs. C. B. Hurlbert, 602 North Parson. Mr. Hurlbert's family expects to come to Santa Ana in the near future with the intention of locating in or near Santa Ana.

Mrs. Dinah Mann, San Diego woman motorist, whose car crashed into A. L. White's service station at Tustin and caused it to burn to the ground, was today facing a suit for \$3787.71 damages.

White and the Mechanic's Insurance company, of Philadelphia, Pa., are filing the suit in the superior court. White claimed damages to the extent named, of which \$2112.07 was covered by insurance. The wreck and fire took place last December 19.

Mrs. Mann, it was claimed at the time, was trying to avoid colliding with another car, when she swerved off the state highway and wrecked White's station. A criminal charge was filed against her, but was subsequently dismissed.

The civil suit was filed through Attorneys B. E. Tarver, of Santa Ana, W. H. Hindman and J. M. McCroskey, of Los Angeles.

The A. J. Ralphs Give Smart Bridge Party In Pretty Home

The charming English-style home of the A. J. Ralphs in Oakmont park was the scene Saturday evening of one of the smart little parties for which Mr. and Mrs. Ralph are noted, with the guest list made up of a group of the younger married folk of the city.

Ranunculus in a blaze of softly brilliant colors, were the floral decorations arranged artistically throughout the pleasant home. Tables were placed ready for bridge which was the chosen diversion of the evening and for which Mrs. Ralph had provided attractive gifts for those making special scores. These were Mrs. Edwin T. McFadden who won a yellow luster vase for high score, Mrs. Walter Spicer, the bride of the group who will have a dainty Madeira center-piece to add to her linen store as a consolation for scoring low; Mr. Spicer who held honors among the men and received a handsome tooled leather cigarette humidor and Clyde Whitney whose consolation gift was a small damascened brass ash tray.

Following the prize bestowal, the hostess aided by a little group of young matrons, Mrs. Frank Charles Armin, Mrs. Clyde Whitney and Mrs. Lyle Anderson, served a hot supper of chicken patties and kindred delicacies followed by an ice course in which the card suits were carried out in the ice cream molds. Ranunculus were used to center the tables where the guests remained in groups of four to enjoy the refreshment hour, and their springlike tints were repeated in the dainty nut-cups and other table appointments.

Sharing the hospitality of Mr. and Mrs. Ralph were Mr. and Mrs. Edwin T. McFadden, Mr. and Mrs. Bruce Monroe, Dr. and Mrs. Elliott Rowland, Mr. and Mrs. Walter Spicer, Mr. and Mrs. Lyle Anderson, Mr. and Mrs. Charles L. Davis, Mr. and Mrs. Horace B. Van Dine, Dr. and Mrs. Clayton Lane, Mr. and Mrs. Edwin Holmes, Mr. and Mrs. Ernest Winbiger, Mr. and Mrs. Clyde Whitney, Mr. and Mrs. Stanley Reinhardt and Mr. and Mrs. Frank Charles Armin.

Legion Auxiliary

Honoring the visit to the western coast of Mrs. J. D. Oliphant, national president of the American Legion auxiliary, will be a luncheon which auxiliary units are tendering the distinguished guest next Friday at the Clark hotel in Los Angeles. Members of the local unit have been asked to share in the event and may make reservations as late as tomorrow night through the president, Mrs. Florence Amrhein Robinson, by telephoning her at 2040-R.

Among other distinguished guests to be accorded honors at the luncheon will be Mr. and Mrs. William Gibbs McAdoo.

COUNTY SUES FOR OCEAN ROAD STRIP

At a trial being held today before Superior Judge R. Y. Williams, the county of Orange was pressing condemnation proceedings against property at Laguna Beach, wanted as a right-of-way for the new Coast boulevard. Under agreement between state and county, the latter guarantees to provide right-of-way.

Henry Allin and Edwin J. Inwood, owners of the property, are contesting the case to secure what they consider adequate damage valuation on property involved. They were among the few property owners along the route with whom the county was unable to make amicable right-of-way settlement.

Coincident with the trial of the condemnation action, two other condemnation suits were filed by the county against Laguna Beach property owners, for right-of-way purposes. The defendants in the two actions are Mr. and Mrs. George N. Brown, in one suit, and T. J. Sayles, in the other.

Program Plans For Party at "The Barn"

"The Mayor and the Manicure," one of George Ade's clever little sketches, will be presented by a group of Community Players at next Thursday night's party at The Barn where Mrs. Charles C. Brisco has charge of the entertainment program and is directing the little group presenting the skit.

In addition to the one-act play will be scenes from Dickens presented by Mr. and Mrs. Harry Brackett and musical features which Hazel Landers Hummel is directing.

The cast selected by Mrs. Brisco for the play is composed of all new material with Robert Speed and Miss Margaret King playing the title roles supported by Miss Marjorie Ellis and Carson Smith.

The program will begin at the usual hour of 7:45 o'clock and will be followed by the friendly little interval during which the Players linger to chat over sandwiches and coffee. Mrs. Marshall Harnois will head the serving committee for the evening.

Social Calendar

March 31—
Reciprocity luncheon with Santa Ana Woman's club, entertaining county club presidents; at the Theo A. Winbiger home, 207 East Ninth street; 12:30 p. m.

April 16 and 17—
Annual spring flower show and garden bazaar sponsored by Garden section of Ebell society at clubhouse; day and evening.

AWARD ORANGE LAD \$4000 IN DAMAGES

Leo Allison, Orange used car dealer, must pay \$4000 damages for the injury of Charles S. Besie, Orange newsboy, who was struck from his bicycle by Allison's car, it was ordered in a superior court decision by Judge R. Y. Williams, on record today.

The Norwich Union Indemnity company, who had insured the injured boy, filed suit for \$12,000 against Allison, asking \$8000 damages for the boy in addition to the \$4000 claimed to be due under the insurance policy. The court, however, limited the award to the \$4000.

The accident on which the suit was based occurred last October 10 in Orange. Attorney Bishop and Wellington, Santa Ana, represented the plaintiff in court proceedings.

Bones of a prehistoric reptile dug up in Tanganyika territory, Africa, are so enormous that it took 16 men to lift one of them when uncovered.

A canary that sings and then replies ventriloqually, as if the notes came from far away, is owned by a New Zealand man.

San Diego Wedding To Be Naval Affair

MISS MARY KITTELLE

When Lieut. Lester A. Dessez, U. S. Marine Corps, weds Miss Mary Kittelle, San Diego beauty, in June, he becomes a member of one of the most prominent naval families. The bride-elect is the daughter of Rear Admiral Sumner E. W. Kittelle, granddaughter of the late Admiral Sigsbee of "Maine" fame, and great-granddaughter of Commodore Henry W. Lockwood, one of the founders of the U. S. Naval Academy.

Auld Lang Syne Club

Meeting at the Rivera home of Mrs. Sarah Newsom, the Auld Lang Syne club held a most enjoyable reunion late last week. Mrs. Newsom chose Cherokee roses as her decorative motif and graceful sprays of the flowers in both pink and white, gave added beauty to her home.

After the guests had enjoyed the delicious dinner served at midday, they all joined in a business session preliminary to an afternoon of chat, needlework and a pleasant phonograph program. A happy feature was the group singing of all the dear old songs with Will Newsom playing guitar accompaniments.

Mrs. Nina Newsom extended an invitation to the members to meet with her at Garden Grove at their next gathering.

Enjoying the hospitality of the Newsom home at Rivera were Mesdames Estelle Harper, Nina A. Newsom, Lida Mitchell, Garden Grove; Belle Miller, Los Angeles; Mabel Lowell, Grace Finn and Miss Percy Head, Santa Ana; Mesdames Lillie Harrison, Peralta; Jennie Johnson, Ora Warling, Laguna Beach; Lucy Stoops of Oregon and Messrs. Will Newsom, Vernon Newsom of Rivera and Leand Mitchell of Garden Grove.

Change In Place For Reciprocity Luncheon

With all details concluded for the Reciprocity luncheon at which the Santa Ana Woman's club expected to greet the county club presidents tomorrow at the G. J. Mosbaugh home on North Broadway, the sudden serious illness of Mr. Mosbaugh made an eleventh hour change in plan necessary and in the emergency, Mrs. Theo A. Winbiger came to the aid of the hostess committee and tendered her spacious home at 207 East Ninth street.

Therefore all Santa Ana Woman's club members will gather at the Winbiger home instead of at the Mosbaugh home but since it will be impossible to notify the out-of-town guests, a hostess committee will be stationed at the latter place to direct the visiting presidents of the day and the entertainment remain unchanged.

Elaborate plans have been made by the social committee for the event and Mrs. J. C. Schmidt has been secured as speaker, promising to talk informally on her recent European trip. Additional entertainment will be offered by readers and musicians and will include a solo group by Robert Bradford, popular young baritone of the city.

Club members have been asked to make it a point to be present promptly at 12:30 for luncheon will be served as expeditiously as possible in order to allow ample time for the entertainment features planned and for the informal gatherings which visiting club presidents will wish to extend.

Aid Society

South-east Section
Mrs. J. E. Kellogg will entertain the south-east section of the First Presbyterian Aid society Wednesday afternoon at her home, 603 Orange avenue. The meeting will open at 2 o'clock and all members are expected to bring their sewing and enjoy friendly chat over their needlework as well as the business session.

North-east Section
Gathering at the church parlors at 10:30 a. m. Wednesday, the north-east section of the Presbyterian Aid society will devote the forenoon hours to business details and at noon will enjoy a pot-luck luncheon in the dining-room. Members have been notified that rolls and coffee will be furnished by the luncheon committee.

Missionary Society

Wednesday afternoon at 2 o'clock the Home Missionary society of the First M. E. church will meet at the church parlors for the April meeting. Preceding the general gathering will be an executive session at 1 o'clock which all home members are expected to attend.

Post-Lenten Gayeties Promise Brilliant Spring Season

Hinting of the gayety which is expected to follow the Lenten season are a few smart affairs scheduled for the immediate future in social circles of the city.

Among these will be the dinner party and evening at bridge for which Mr. and Mrs. W. S. Huff and Mr. and Mrs. Parke Roper will assemble a large guest group at St. Ann's Inn tomorrow night. Their hospitality will be followed on the next day by that of Mrs. A. G. Flagg who is giving a bridge luncheon at the Country club, where much of the spring entertaining will center.

On Thursday night Mr. and Mrs. O. A. Haley will open their lovely home on East Washington street to the members of Ebell's Fourth Household Economics section who plan an evening of bridge as a compliment to their husbands.

April's first week will end with a smart affair at the Country club for which Mrs. Felton Brown has cards out.

Holy week will see a temporary cessation of social activity as society in general dons sackcloth and ashes and places spiritual matters before all things temporal. But following Easter Sunday on April 12, the season promises all manner of gayeties which will blossom out with the "flowers that bloom in the spring, trade-la."

Among those who have cards out for interesting events are Mrs. Horace B. Van Dine and Mrs. G. J. Daley and Mr. and Mrs. Jack Olivari. Mrs. Van Dine and Mrs. Daley are sponsoring a luncheon with bridge in the afternoon and have selected the date of April 18 while Mr. and Mrs. Olivari are giving one of the largest dancing parties of the season on the night of the seventeenth. Both functions will be at the Country club.

Ladies' Guild
On Wednesday afternoon when the Ladies' Guild of the Church of the Messiah meets at the parish hall, the members are asked to bring their contributions to the rummage sale which will be held in connection with a cooked food sale next Saturday, April 14.

The double sales event will be at the D. L. Anderson grocery, 205 East Fourth street and will be an all-day feature. Those who have promised cooked or baked goods are asked to deliver such contributions early Saturday morning at the grocery.

Parent-Teachers

With a lively recollection of the pleasant March meeting of the High School P. T. A., the program committee for the April meeting scheduled for Wednesday at the Y. hut on the school campus, has arranged for a similar informal gathering with no set program but just a social, friendly mingling of the members.

The members will meet at the usual hour of 3 o'clock and mothers will enjoy the opportunity to become better acquainted with the teachers who are directing the studies of their young people.

For Real Comfort
... Hill & Carden's
Union Suits
for Boys!

Thoughtful Mothers have out-grown the old idea of buying Boys' underwear wherever a bargain may be advertised or wherever they may happen to be shopping for other things—

They come here, and bring their sons with them, so that we may fit them—carefully in whichever quality they select from our varied stock. They know that "comfort counts."

**The Easter Apparel
Is Rich in Novelties**

Each Wrap or Frock bears a detail that is decidedly new, yet thoroughly approved by the Spring mode. Printed effects are preferred in the more pronounced of the season's dress fashions—while plain silk weaves and satin finished fabrics are utilized with decided charm in many of the simpler frocks.

Coat fabrics offer a quite varied selection as to both coloring and finish—while the choice of styles is generous. Fur is used to advantage in some smart models.

With quality assured, the extremely low prices make these garments the values of the season.

Smart Dresses

\$15.00 and higher

Spring Coats

License to Wed Returned; Is Not Used

The world was left in doubt today as to the monkey wrench tossed into Joe L. Barnes' wheel of romance.

Barnes, 26, a salesman living at 1921 South San Pedro street, Los Angeles, appeared before County Clerk J. M. Backs nearly a year ago, in company with Mrs. Grace E. Satterwhite, 29, a widow, and manager of a Los Angeles restaurant. They applied for and received a marriage license.

Today, Backs received an envelope addressed to him in Barnes' handwriting. Opening it he read a "story without words."

The envelope contained only the marriage license, dated May 13, 1924. It had not been used. There was no word of explanation with it. Barnes evidently considered that the contents would speak for themselves.

"Another \$2 thrown away," muttered the county clerk, "but he saved a whole lot more than that," he added. "You see, it isn't the first cost, it's the upkeep."

PLAY PROCEEDS ARE TO BOOST EBELL'S FUNDS

With all business details connected with last week's appearance here of the Raymond Players of Pasadena, under auspices of the Ebell society, have not yet been completed, it is assured that a neat sum will roll into the club treasury as a result of the two nights of farce comedy presented at Ebell auditorium, according to Mrs. A. G. Flagg, prominent member of the ways and means committee who worked with the chairman, Mrs. William L. Deimling, in making the theatrical venture a success.

The final night's offering of "Her Husband's Wife" was as great a success as the first night's bill, "A Pair of Sixes" and was enjoyed by an even larger crowd. The amusing situations in rapid succession, kept the audience swept with laughter. The personnel of the Raymond Players, Isabel Garretson, Betty Thayne, Grace Fredricks, Wendell Wilson, Ferris Benjamin and Victor Donald proved a most interesting aggregation of talent and ability and the directorial work of Wendell Wilson and Victor Donald was highly pleasing.

Like the first night, the play was augmented by between-acts numbers by talented young people of the Santa Ana schools. Preceding the rise of the curtain the High School Girls' quartet composed of the Misses Eva Turton, Helen Glancy, Madeleine Moase and Loreno Cuddy sang to the piano accompaniment of their director, Miss Louise Mansfield.

Other numbers were clever piano analogues presented by Miss Madeleine Moase, and violin numbers skillfully played by pupils of Ollimac Enlow Matthews, Miss Helen Lutz and Merrill Bauer with lone Tunison Peek at the piano.

In addition to the musical numbers listed for the first night were the baritone solos sung delightfully by Robert Bradford, a pupil of Madame Manuela Budrow whose accompaniments were played by Miss Leonarda Tompkins. Russell Rowland was accompanist for the high school group.

The program features were arranged for by Mrs. Jack Oliveri, chairman of the entertainment committee of Ebell society.

JARDINE WILL VISIT FARMERS. TALK BUSINESS

WASHINGTON, March 30.—Secretary of Agriculture Jardine, farmer, is going out to the agricultural regions this summer to discuss farm problems and suggest business methods.

The new secretary has decided education is the best government activity in behalf of the farmer.

Jardine has outlined his views of his job along the following lines:

1—The needs of the farm "back home" must be kept in mind and his department must co-operate closely with other federal and state departments, agricultural colleges and experiment stations, in promoting a sound and prosperous agriculture.

2—The spread between prices paid to the farmer and the price paid by the consumer must be reduced by good business methods.

The farmer ought to get 40 cents of every dollar paid by the consumer.

3—Co-operative marketing associations should be encouraged by advice and aid.

4—Standards of production, diversification of crops and co-operation in preventing over production are important steps to be promoted.

5—The farmer should eliminate his overhead by "big business" methods, closely observing the trend of markets and demand and consumption.

"I have no panacea for agricultural relief and I don't believe anybody has," said Jardine, "but I want to pick out a number of practical and constructive things which farmers can put into practice to get their business on a more satisfactory basis."

Legislation, he thinks, can only help farmers to help themselves.

The problem of the middleman will be settled by the operation of economic laws, he said.

Westminster

WESTMINSTER, March 30.—Francis Penhall was in Los Angeles Thursday on business.

Mrs. A. C. Snow of Escondido has been spending the week with Mrs. Francis Penhall. She left Friday for her home.

Mr. and Mrs. Willis H. Warner and two children moved to their new home in Huntington Beach Wednesday.

W. J. Cozad Jr. and Loren Whitcomb will put on a specialty act during the performance of "Jay-Wile Junction" to be given here soon under the auspices of the "Happy Workers."

Mr. and Mrs. Otto Hoffman of Talbert were dinner guests Thursday evening in the home of Mr. and Mrs. Raymond Penhall. Other callers during the evening were Mr. and Mrs. B. W. Chandler of Costa Mesa, Mrs. Alice Chandler of Talbert. Leola Chandler is a guest in the Penhall home for a few days.

The thirty-third wedding anniversary of Mr. and Mrs. Harry Penhall was celebrated Tuesday evening when their son and his wife, Mr. and Mrs. Merton Penhall of Cypress, entertained a number of their Westminster friends.

A chop suey dinner was served to Mr. and Mrs. O. J. Day, Mr. and Mrs. Clyde Day, Mr. and Mrs. Raymond Penhall, Mr. and Mrs. Francis Penhall, Leslie Penhall, Mr. and Mrs. Harry Penhall, Mr. and Mrs. A. C. Snow of Escondido, and Mrs. Bessie Campbell of Glendale.

Mrs. J. A. Knapp, Donald and Roberta Knapp visited in Long Beach Wednesday, with Mrs. Lulu Emery and Miss Muriel Emery. Miss Muriel accompanied Mrs. Knapp to Los Angeles where they visited Doyle Stockton, in a hospital there.

Mrs. L. R. Bechtel spent Thursday shopping in Long Beach.

Mr. and Mrs. Charles R. Sigler were in Los Angeles Thursday.

Several new members were taken into the Rebekah lodge here Tuesday night. Mrs. Robert Facke was admitted by card, while W. J. Co-

zad Jr., Roy Dimmock, Miss Myra L. Evans and Robert Facke were initiated. The work was put on by a staff of 16 members under the direction of Mrs. James R. Morgan, captain. After lodge members adjourned to the banquet room below, where supper was served.

Mr. and Mrs. W. B. Card were recent guests in the home of Mr.

and Mrs. C. Eastwood. The Eastwoods and their guests were at San Pedro Thursday to see the battle ships.

S. A. Darling was in Los Angeles on business.

Misses Leah Hay and Frances Chandler took part in the play, "The \$10,000," given Tuesday and Wednesday evenings at Huntington

Beach. Mrs. C. A. Hay and Miss Wilma Cozad motored over to see the Wednesday night performance. Mrs. Hay spent Wednesday in Anaheim with Mrs. T. N. Sharp, who is leaving for Phoenix, Ariz.

Mr. and Mrs. Bryant Chapman have moved into the H. Hays house on Cherry street.

FREE-WILL OFFERING

10-Day Tube FREE

Mother! Be sure you get
Pepsodent for your child's teeth

Do you want your child to have prettier teeth now, and better protection from tooth troubles in later life?

Mail the coupon then for a 10-day tube of Pepsodent, free. See what the world's leading dentists urge mothers to use as modern science's latest attainment in tooth care.

You will notice a film on your child's teeth. That's a frequent danger sign—an invitation for tooth troubles. The same stubborn film that you can feel by running your tongue across your own teeth. You must combat it. Ordinary dentifrices don't fight it successfully. Harsh, gritty substances are injurious to enamel.

stances are injurious to enamel.

Film is the greatest enemy of tooth health. It clings to teeth, gets into crevices and stays. Germs breed in it. The acid that leads to early decay forms. Old type methods failed to combat it. Men of science engaged themselves in discovering an effective combatant.

Now in Pepsodent, two new combatants are embodied—combatants approved by highest dental authority. It curdles the film, then gently removes it. It keeps the teeth whiter, cleaner, more sparkling. It is the modern scientific method for better tooth protection. Insist upon it. Get a tube today. Mail the coupon.

S. A. AUTO SHOW IS LAUDED AS GREAT SUCCESS

The first annual Santa Ana Automobile show closed Saturday night in a blaze of glory, with a record crowd present, and today the big top used here was on its way to San Diego, where dealers of that city will put on an exhibition next week.

The closing program was featured with the public introduction by O. A. Haley, president of the Orange County Automobile Trades association, of exhibitors and their representatives.

Presentation of the dealers led off with Mayor J. W. Tubbs, manager for the Reid Motor company.

The group was given a "big hand."

"The automobile show was a real exhibit and a credit to Santa Ana," declared F. C. Pope, realtor, at the close of the exhibition Saturday night. "I never before gained entrance to a display of that type for the small admission fee of 10 cents. It was grand. The dealers are to be complimented on their enterprise, and congratulated on the spirit that prompted the small admission fee."

This is just one of a number of comments heard at the show Saturday night.

Every exhibitor was 100 per cent satisfied with the big display and the success of the enterprise, declared Haley. "There was a fine spirit of co-operation throughout. The individual displays were good, and in many instances better than could have been shown even in Los Angeles. It was strictly a Santa Ana show, and it was something of which the local automobile tradesmen were proud. With-out doubt the association next year will again put on a similar show, perhaps a little larger than the one that today had passed into history."

Talbert

TALBERT, March 30.—Mr. and Mrs. M. C. Hoepfner entertained as dinner guests in their home Mr. Hoepfner's parents, Mr. and Mrs. P. Hoepfner, Mr. Hoepfner's sisters, Misses Hazle, Irene and Louise Hoepfner of Compton, and Mr. Redd of Los Angeles.

George Bushard has started the irrigation of his extensive bean lands.

Local high school pupils attending the Huntington Beach high school are looking forward to spring vacation which commences April 10 and terminates April 20.

Mrs. Titus, who has been ill with influenza, is now over the danger of threatened pneumonia and gradually improving.

Mrs. Hattie Talbert and Mrs. Dora Rogers had as their guests for the week their cousin, Mrs. John Shrode and son Byram, of China. They came from Anaheim Tuesday with Jacob Shrode and Mr. and Mrs. Lloyd Shrode, with whom they have been spending a few days.

Mrs. Charles Taylor, who has been very ill, is improved.

W. G. Radford and daughter, Esther and Bessie Gardner attended the chamber of commerce play at Huntington Beach.

Mr. and Mrs. John Shutt jr., of Talbert and Mrs. Shutt's sister, Miss Flossie Draper of Los Angeles, were entertained at dinner at the Earl Gardner home.

Henry Lacabanne has moved his house to his ranch west of Talbert.

Parent-Teachers Assn.

Success in every particular marked the recent play and musical program given by the members of Franklin school P.T.A. last Thursday evening. Financially and socially it took the lead and was a source of real satisfaction to those who gave their best effort in making the program a delight to the large and appreciative audience.

The music was especially good. Ed Newman's opening solo was given in his usual masterful style, and his little daughter, Ruth Newman, charmed her audience with the grace and beauty of her numbers.

Very gifted indeed is Santa Ana's youthful violinist, Georgia Bell Walton, and her selections with piano accompaniment by her talented sister, Marjorie Walton, were among the special pleasures of the program. Floyd Bert gave a pleasing piano solo and was followed by Dorothy Heinly and Margaret Hill in a vocal duet that gives promise of splendid voice in the youthful singers.

Mirthful readings by Mrs. Harmon added to the program and the closing flag song by the fifth grade pupils was a credit to their vocal teacher, Miss Jensen. Unusual interest centered in the play "Two Dollars, Please," given by members of the P.T.A. and much praise was given each member of the cast. It was a clever piece of dramatic work and showed the ability of each lady who took part. The object of the entertainment was to raise money to buy chairs for the P.T.A. meeting. This was more than accomplished.

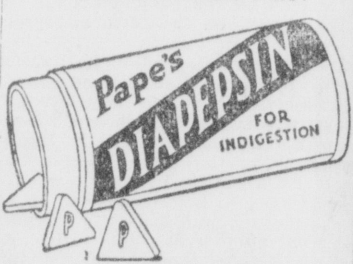

Many donations of home-made candy were sold after the close of the program, which added considerably to the treasury.

Mrs. J. H. Stewart, the P.T.A. president, announced a "Father's meeting" would soon be planned to which all members will be most cordially invited. The children of Franklin school have a prominent part in the coming pageant, of Thursday and Friday to be given at the high school. A good attendance is anticipated as the children have been in training for some time and an evening of good entertainment is promised.

SCHOOL NEWS

Frances Willard

Members of the Frances Willard faculty enjoyed a picnic at Orange county park last Wednesday afternoon and evening. Various kinds of amusements were enjoyed, including baseball, tennis, and a few track stunts. The refreshment committee served a very appetizing dinner, consisting of steaks, scalloped potatoes, jello salad, pie, and coffee. Those enjoying the outing were Mr. and Mrs. Kellogg, Mrs. Thatcher, Mr. and Mrs. Read, Miss Elliott, Miss Dorothy Smith, Miss Biggin, Miss Benson, Miss Gammell, Mr. and Mrs. Chamberlain, Miss Russell, Mr. and Mrs. Archer, Miss Violet, Miss Briney, Miss Hodgins, Miss Wiessman, Miss Plumb, Miss Pauline Smith, Mr. and Mrs. Horn, Miss Fitz, Miss Boose, Miss Franzen.

Exhibit Case
Several miniature stages from the art department were attractively arranged in the exhibit case last week. They included a ballroom scene, a camping scene made by Eva Bronson, Olive Oranger, and Katherine Chapman; a school scene by Melvina Parker, Eugenia Davenport, and Marie Voigt; a traveling scene by Ethel Freeman and Maybelle Ball; and a beach scene by Beryl Knorschild, Berdie Jackson, and Larry Coleman. These were made in the form of a fashion show displaying costumes for these various places.

The first three dresses to be completed in the ninth grade sewing class were also exhibited and they showed considerable skill in dressmaking. These were made by Annabel Campbell, Lucia Chapman, and Elvira Lujan.

All Nations Day
All Nations day will be observed by the students of the Frances Willard school next Friday, April 3. Each class is to represent some nationality in dress and during the assembly each class will give some short entertainment representing that nation. This is something quite different than anything we have had before and promises to be very interesting and instructive.

Surprise Party for Miss Violet
The sixth period orchestra surprised Miss Ruth Violet on her birthday with a party in the art room at the school. The evening was spent in games and music and a very happy time was spent by all those present. During the refreshment hour Miss Violet was presented with half a dozen salad forks.

Assembly
At the assembly on Friday a most enjoyable program was presented. The pupils from one of the grade schools, representing autumn leaves and March hares, gave a delightful demonstration of the pageant which is to be given at the high school auditorium on April 2 and 3. The rest of the program was given by pupils from the high school and consisted of songs by the Boys' Glee club, piano solos by Madeline Moase, a group of songs by the boys' quartet and several numbers by the girls' club. These musical numbers were excellently presented and the Frances Willard pupils certainly appreciated the splendid entertainment prepared for them. Miss Mansfield directed the musical numbers.

Roosevelt

Pageant Plans
A drive has been on at this school the past week—a ticket selling drive. The children have been scurrying around in their efforts to sell the most tickets for "The Little New King," the operetta to be given at Poly high next Thursday and Friday. J. D. Parsons had the most tickets at the time the drive closed Friday afternoon. J. D. sold fifteen. The fifth grade wins the honors for having sold the most, the amount of their sales equalling ninety tickets. The total of sales throughout the school have amounted to one hundred and ninety-seven adult tickets and one hundred and fifteen children's. The lower grade children will continue the sale next week.

Athletic Try-outs
A great many try-outs have taken place this week in an athletic way and much practicing of vaulting and jumping are in evidence, which indicates a track meet not far off.

Make Excursion
The children who will have parts in the coming operetta took a little excursion to the Edison school at Delhi and to the Willard junior high Friday. The purpose of this trip was to give several of the songs and dances, giving the audiences a taste of the many clever surprises in store for them next Thursday and Friday. We received such nice welcome at both schools.

Spurgeon

Newsy Notes
About seventy-five boys and girls take a half-pint of milk at 10:30 every morning. The milk is served by members of the P.T.A. and paid for by the children.

The girls' indoor team has won two games lately. They played McKinley team on our diamond, ending the game with the score 31 to 12. The other game was played at Artesia school last Wednesday. The teams were well matched and the game lasted only half an hour. The score was 9 to 5.

Track Meet
We had our track meet on March twentieth. Competition was among boys of our school. About thirty-five boys took part in the seven events. They made a fine appearance in their white track suits. Ralph Gordon won the most points; Kimball Pratt was second; Allen Kidder, third. T. N. T. club sold orangeade and popcorn balls during the track meet and cleared ten dollars. They started an account of their own in the First National bank and are hoping to add many more dollars to it.

Citizenship Club
The various citizenship clubs held meetings Friday afternoon. Most of the clubs followed their business meetings with a program and serving of refreshments.

Julia Lathrop

Art Conference
Miss Hazel Nell Bemus, head of the art department, and Miss Floy Donaldson, head of the high school art department, left for San Francisco Tuesday, March 24, to attend the State Art conference, called by the state board of education in cooperation with the Pacific Arts association. Many of the most prominent people in art education in the United States are to appear on the program at the conference. Many of the California schools will be represented by exhibits of their work. One of the important features of the conference that is attracting art lovers from all over the West, is an exhibit of French art at the Palace of the Legion of Honor. This collection is the most important one that has visited the Pacific coast since 1915. It will be returned to Paris directly from San Francisco after the state art conference.

Mystery
"What?" "Where?" "When?" These three words have appeared suddenly in the rotunda of Lathrop school and every one is wondering what they mean. No one seems to be able to solve the mystery. Mr. Nelson has been questioned in vain; but his enigmatic smile tells nothing. Some way the rumor has drifted around that the big "mystery" will be solved Tuesday afternoon, March 31. Teachers, parents and friends of the school are asked to visit the building that day and share the surprise. Mr. Nelson did say that the "mystery" will be the biggest and best thing that has happened to Lathrop school. He is very sure that many friends of the school will be present Tuesday afternoon to share the surprise.

Practical Ethics
H. G. Nelson, principal of the Lathrop school, is working out a course in practical ethics for junior high school pupils. In his pedagogical experience, he has felt the need of a definite course of study covering the common virtues and their application. At a recent faculty meeting the plan for working out such a course was discussed and received the wholehearted support of the teachers. A definite and practical course of study is planned—definite inasmuch as there will be well-formulated lesson plans, and practical as it is hoped the training will be applicable to the life of the pupils. The virtues that are to receive special attention are: Industry, cheerfulness, reliability, co-operation, cleanliness, thrift, self control and honesty. The plans are being worked out by committees of teachers under the supervision of Mr. Nelson.

Lathrop's Trophies
The pupils of Julia C. Lathrop school are very proud of the three silver cups they have won since the two junior high schools were divided. At that time Lathrop donated all the trophies to Willard. In the interscholastic track meet a year ago Lathrop won the cup. This year the victory was repeated and another cup was added. At the bicycle parade this year Lathrop had the most riders in line, thus winning the beautiful silver cup offered by the Cycle Trades of America.

Last year the junior track team won a wood bracket. This hangs in the rotunda along with last year's cup. The other trophies have not been placed yet.

Open House Tuesday
Tuesday, March 31, is to be open house at the Julia C. Lathrop Junior High school. At that time friends of the school are urged to visit and see examples of the regular school work. A great mystery, which even has the students guessing, will be revealed at that time.

The 5A citizenship class, under the leadership of Miss Lela Thrasher, has prepared two cartoon booklets. One of these is made up of cartoons clipped from the "Literary Digest" with explanations pasted under them, which were written by the pupils of the 5A class. The other booklet is composed of original cartoons drawn by the pupils. This work started with a discussion of current events.

Newel Vandermast
The Capable Cooks of the third period cooking class gave a party for the third period sewing class, on Wednesday, March 25, in the cafeteria. The girls played many games for which winners received prizes. Prizes were awarded to Althea Poulsen, Hazel Strom, Margaret Schultz, Maxine Zimmerman, Ardath Hess, Shirley Hoffmaster and La Dora Catherman. The cooking class then served the delightful refreshments which were sherbet, vanilla wafers and cornflake macaroons. The Capable Cooks proved themselves most delightful hostesses.

All-Nations' Day
In accordance with the annual custom of having one day each year set aside as a students' day, the Lathrop school will have an All-Nations' day next Friday, April 3. To the 600 or more students this means a day of fun and excitement, a day of self-expression and originality. It will be more than that. It will be a day of real interest as each class will come dressed to represent some nation. The following nations will be represented: Japan, China, India, Scotland, Holland, Australia, Austria, Poland, Arabia, Germany, Turkey, England, Ireland, Sweden, Mexico, Spain, Italy, Hawaii, Russia, France, and the United States.

Wild Flowers
The Fourth District P. T. A. suggests two plans for the preservation of the wild flowers: 1. An essay contest to be arranged in two groups. First group, 7th and 8th grades. Second group, 6th grade and below. The essays are to be written by the children on the following subjects: "Care and Preservation of Wild Flowers" and "Keeping Our Roadside and Canyons Clean."

To develop through the art departments a poster illustrative of one or both of these subjects.
Each P.T.A. organization will judge the essays and posters submitted and send the best to the county committee. It is suggested that each local P.T.A. make awards, ribbons or otherwise, in order to create interest.
It is also desired that each organization have a contest among its members, expressing ideas relative to this campaign of "Keeping California Clean." The three best slogans of each organization are to be submitted to the district committee. From these slogans, it is hoped, will be evolved one suitable for a windshield sticker.
Those behind the movement realize that it is necessary to preserve the wild flowers and also the native shrubs, many of which are in danger of being exterminated. The native flora is a great asset to the beauty of California's hillsides, canyons, and byways and it must be preserved.

Jefferson
The banyard scene will be one of the interesting features in the portrayal of August by the Jefferson school in the pageant, "The Little New King," to be given at the high school auditorium on April 2 and 3. Those taking part in this scene are Thelma Johnson, Ben; Harold Spangler, runner; Roberta Tutill, the peacock; Chester Salisbury, turkey; Elenor Austin, Betty Kredel, Betty Hammond, Jimmie Smith, Hazel Schwarm, Dorothy Stafford, Sibyl Olliger, Margaret Schaur, Abie Fainburg, Mary Coffman, Maxine Morgan, chickens.
The children participating in the sea-shore scene are Merle Morris, George Curtis, Horace Evans, Nina June Robertson, Helen Holmes, Fannie Jacobson, Gwendolyn Griffin, Avo Stoval, Billy Kameer, Charles Covall, Charles Rykman, Kathryn McDermott, Edna Johnson, Leonard Schaur, Arthur Salisbury, Sammy Jacobson, Gerald Bell, Waunette Bolton, Josephine Shanks, Helen Pine, Ruth Wasson, Louise Rowland, Bethel Dickinson.
Will be the harvesters' chorus will be Betty Hawk, Natalie Neff, Virginia Walbridge, Kathleen McConnell, Florence Wasson, Marian Brown, Eleanor Wood, Dolly Fowler, Pauline Welles, Helen Turner, Harriet Morris, James Dula, Jack McCann, Francis Hill, Glen Evans, George Scates, Leonard McClure, Jack Gridley, Phillip Hood, Bill O'Neil, Werneth Bickel, Everard Stovall, Charles Fairbank.

Frocks That Tell A Charming Story of Spring Smartness

HERE are a group of the smartest frocks one will see often on Easter Sunday and during Spring. A graceful floating quality is apparent in all, yet each with a difference that recommends its favoritism. Each so smart and fashionable, that every age, every whim and every idea of expenditure can be met quickly and satisfactorily.

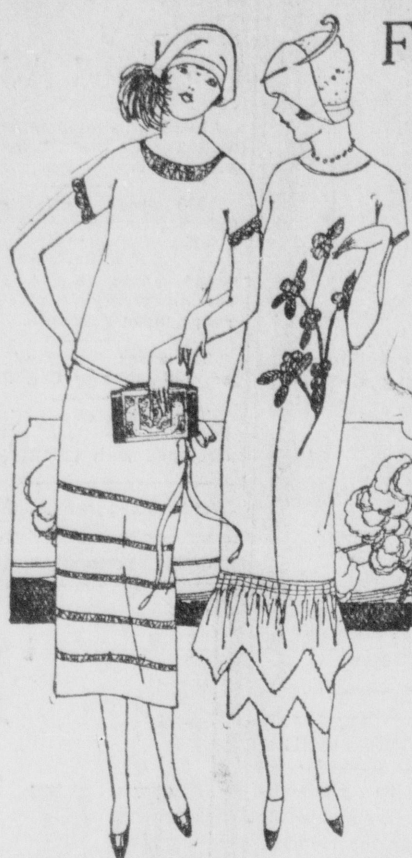

Spicer's Second Floor.

The Ensemble

A Costume of Elegance

—The ensemble is a practical mode, possessing features that give it a smart versatility. One may have a complete outfit when one desires, and then may wear the dress and coat on separate occasions with equal smartness.

Spicer's Second Floor.

Smart Hats for Girls

—For the younger girl with her lovely curls, and also for older sister who pulls her little hat over a bobbed head—for every age and every contour, here is a becoming hat. Styles vary from the simple to the more elaborate so that the personality of the wearer may be adorably emphasized.

Spicer's Second Floor

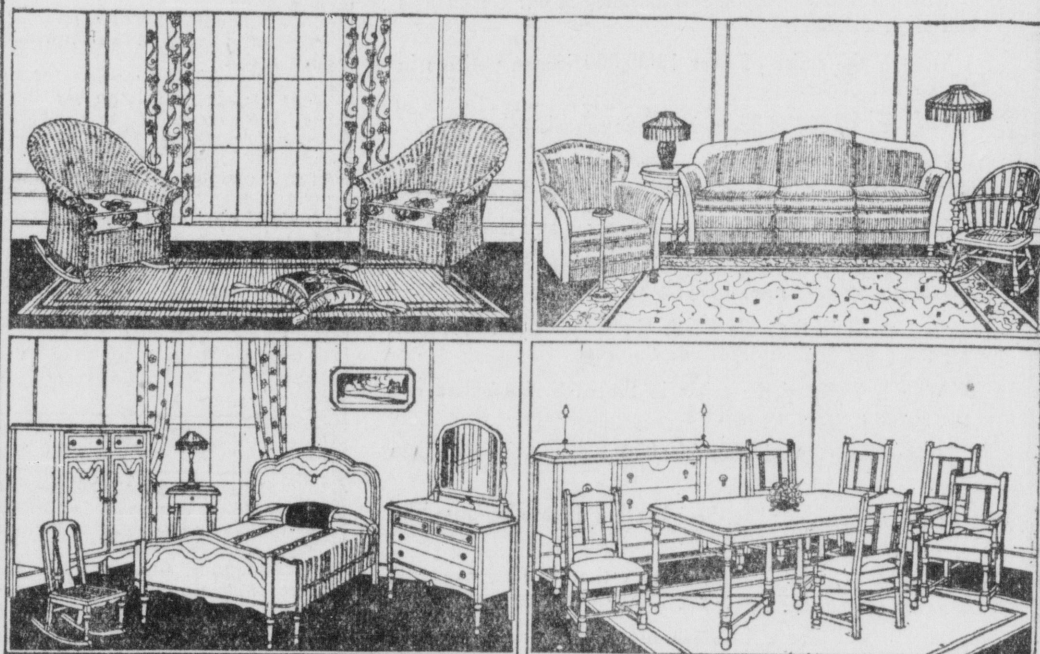

Children's Smart Wear

—These dresses are smart in their simplicity and charming in their colorful weaves. Practical, too, for they'll wash well. Another interesting point that will please mothers are the prices, which are very moderate in our Second Floor Shop for Girls.

Outfit Your Home on the Horton Easy Payment Plan

A Small Payment Down, Monthly Payments

This store is pledged to the Better Homes movement. We believe our Easy Payment Plan enables home-makers to buy BETTER furniture with less financial discomfort, and that is one reason why we urge its use so strongly.

An entire home outfit can be bought with a small cash payment, the balance distributed over a long period.

Old Furniture May Be Exchanged

We have spent years studying out a way to merchandise an Exchange Department. It was not easy. We now have a perfected plan by which we can accept used furniture as part payment upon new furniture.

Used furniture is usually taken as the FIRST PAYMENT, the balance being paid out in easy monthly payments, satisfactory to you.

OLD CITY LAWS RECALL TIMES WHEN 6 MILES WAS FAST GAIT

Restrictions In Obsolete Ordinances Stress Many Changes In Last 40 Years

BOARDING OF MOVING HORSE CAR BANNED

Another Measure Prohibits Wearing of Male Garb By Members Opposite Sex

Santa Anans, living in this age of speed—when things move fast and seconds count—would find some interesting reading and get many laughs from perusal of old city ordinances, long obsolete.

Many of the old laws, dated many years before the advent of the automobile, show a tremendous change in sentiment as to what was considered "speed."

For instance, one of the ordinances contains this clause: "It shall be unlawful for any person to ride or drive through any street or highway in the corporate limits of the city of Santa Ana in a furious manner, or at a rate of speed to exceed six miles an hour, or in such a manner as to endanger the public safety."

This ordinance, passed by the city council, was dated July 12, 1886. It was back in the days when mules were being driven over the streets, and a donkey was pulling a street car on West Fourth street.

Another ordinance which deals with recklessness, reads: "It is hereby made unlawful for any minor, under the age of 16, to jump either on or off any car, upon any steam or horse car, in the city of Santa Ana, while said car is in motion."

The measure was passed on the night of Oct. 1, 1888. Saloons played a big part in city ordinances of the old days, as is revealed in one of the old ordinance books, now on file at the city clerk's office. One of the measures reads:

"It shall be unlawful for any female to attire herself in male attire and travel about the public streets, or appear in any saloon or other public place, within the corporate limits of the city of Santa Ana."

The above city law was dated July 12, 1886. One dated July 20, 1907, after automobiles began to make their appearance, but long before they became the chief mode of transportation, gives specific instruction regarding any fancy tricks that daring drivers might perform on the city streets. It reads as follows:

"It shall be unlawful for any person, riding or controlling an automobile, to travel at a greater rate of speed than six miles an hour upon the city streets of Santa Ana and at a greater rate than three miles an hour while crossing an intersection, or attempt at novel or hazardous to the public welfare upon the streets of the said city without a permit from the president of the board of trustees of said city or so to do, which permit may be granted upon the petition of at least 10 persons and set forth the name or names of the street or streets over which said person or persons desire to ride."

'INTELLECTUAL HOBOES' TO GIRDLE ENTIRE U. S. COAST

Here is shown the lame-blind combination of "educated tramps," hiking around the coast of the United States in order to obtain material for their literary efforts. On the left, Fred Pearson; right, Victor Addington.

College Men, One Blind, Other Lame, Are On Long Tour

One blind and the other crippled, Fred Pearson and Victor Addington, graduates of the University of Idaho, at Moscow, have reached Santa Ana and Orange county on their proposed tramp across 1700 miles of American borderland in their hunt for local color to be used in literary efforts later on.

Their leisurely jaunt was interrupted in Orange county when the crippled boy injured his "other" leg.

Until the leg heals sufficiently, the "educated tramps" will be delayed in continuing their round-the-rim of the nation jaunt.

The blind member of the hiking partnership is Fred Pearson. His companion, the lame student, is Victor Addington.

Addington is at the Orange County hospital, awaiting for his "other" leg to heal. Pearson is in Los Angeles attending a Bible school until such time as Pearson is able to travel.

Pearson has been blind since he was 12 years old and Addington has been lame since birth.

Pearson is physically sound, but cannot see. Pearson helps Addington over the rough spots, guided by the latter's eyes.

In this manner they have skirted nearly the entire Pacific coast, as far as Orange county. Already they have covered nearly half of the journey, which they expect will take them across to Florida and up the Atlantic coast before they return to Moscow.

Pearson is writing a thesis on the extent and function of superstition in the ancient English and Scottish ballads.

Addington has read to him more than 40 volumes to aid Pearson in his quest for data.

Pearson has aided Addington in the latter's literary efforts—the writing of poetry, sketches and skits inspired by the experiences of the open road.

Are Ideal Companions. The literary blind man and the poetic lame man find themselves ideal companions.

From Moscow they went to Portland, Ore., by way of the Columbia

(Continued on Page 10)

M. AND M. NOW IS MEMBER OF RETAIL COUNCIL

Official advice confirming election of the Santa Ana Merchants and Manufacturers association as a member of the California Retail Merchants association, a newly-organized body of head-quarters in San Francisco, were received today by Secretary P. S. Lucas.

According to Lucas, purpose of the California Retail council is to serve as a clearing house for dissemination of information on modern and efficient practices of retail distribution for the advancement of sound merchandising in California.

An important function of the council is to protect the legitimate interests of business in legislation, both national and state, and in this connection attention has been called to the following measures now under consideration, and in which Santa Ana merchants are actively interested:

Legislation requiring registration of all lease contracts, or the return of cash payments where merchandise is repossessed for non-payment. Bills to that effect, if introduced, will be opposed by the growing competition by door-to-door canvassers and the "rolling wagons" is another field for investigation and action.

The board of directors of the council has authorized the securing from competent counsel of an opinion on the validity of congressional action delegating to the states and their political subdivisions powers to license and otherwise restrict certain phases of interstate commerce.

The California Retail council has authorized the securing of all available information relative to the importation of prison-made goods into California that are sold here in competition with similar goods manufactured in regular markets.

Let Holmes protect your homes.

ALTERATION OF BIBLE WORDING NOT ADVOCATED

Local Pastors Are Willing to Have Anti-Volstead References Remain

Ministers of different churches in Santa Ana believe in prohibition and give their unqualified support of the Volstead act. But they are not carried away by their feelings to the extent that they desire the Bible revised to suit their convictions in the premises.

While theological extremists may revise the text of the Holy Book, local clergymen are quite willing to have the text remain as it was written, even though it mentions "wine."

They claim that the Holy Scriptures have stood the test of the ages, and they fail to see where anything is gained by altering the phrases or omitting certain parts, just to conform to the views of particular individuals or certain sects.

Compiles "Dry" Bible. Prof. Charles Foster Kent, of the Biblical literature department of Yale university, has compiled a "dry version" of the Bible, in which he eliminates certain references to wine and alters others to conform more closely to the spirit of the Volstead act, by substituting "raisin cakes" for "flagons of wine."

Interviewed as to their opinions on Professor Kent's attempt to revise the book to agree with the provisions of the eighteenth amendment, several Santa Ana ministers expressed themselves as unanimously against it.

Betts Against Change. Opinions expressed by the ministers follow:

Dr. Will A. Betts, pastor First Methodist church—"I have no sympathy with attempts to change the text of the Bible to suit particular ideas on modern life. I understand that Professor Kent takes a rather liberal view in his interpretation of the Scriptures, hence his effort is not surprising."

Dr. William E. Roberts, pastor of the First Presbyterian church, and familiarized myself with the reasons for making the same, I am unable to make a definite statement. If, however, Professor Kent entertained a desire to reconcile the text of the Bible with the spirit of the prohibition law, he made a great mistake. In fact, to my way of looking at it, he tried to put something in the book which is not there. No matter how much we may desire success of the prohibition movement, we can not read it into the Scriptures. Slavery was abolished as a great moral wrong, yet no one tried to change the Bible to suit the arguments of the Abolitionists."

Says "Not Necessary." The Rev. Frank T. Porter, pastor of the Christian church—"Professor Kent is enough of a scholar in the premises to know that such a change as he has proposed is not necessary to reconcile the spirit of the Bible with the temperance movement. While the word 'wine' appears in different places, it makes no specific reference to the beverage being an intoxicating drink. In the old Hebrew Bible, two distinct words are used to denote wine, 'tyrosin,' when used in a commendatory sense, and 'yavan,' when used in a condemnatory sense. This distinction would imply that there was a decided opinion as to the use of unferrimented grape juice and fermented wine."

Ask your grocer for a loaf of Bakery bread baked at the Home Bakery.

Chapped or reddened skins—quickly respond to the Resinol treatment.

The purity and soothing qualities of Resinol Soap tend to prevent dryness—the most frequent cause of chapping—but where exposure to sun or wind has already roughened and burned the skin, the healing touch of Resinol Ointment stops the smarting and helps to restore skin health.

"Free from all harm—helps like a charm."

FIRECRACKER CHILDREN FROM LINCOLN SCHOOL WILL BE FEATURE AT PAGEANT

This group of smiling lassies and lads will represent the month of July in the Pageant of the Seasons, to be staged by the smaller children of all the schools of the city, April 3 and 4, at the high school auditorium. The children pictured above attend the Lincoln school. They represent firecrackers.

TEXTS CAUSING OBJECTIONS TO BE ELIMINATED

Those who have been concerned over the character of textbooks used in the public schools may take comfort in news received today at the board of education offices to effect that the California assembly has passed a bill allowing the state board of education to strike from its approved list any textbook containing "objectionable material."

The measure was passed, when its author, Assemblyman S. C. Hartranft, of Fullerton, representing this district, and well known in local educational circles, declared that the state board must have authority to combat propaganda in school books.

In local school circles, it is believed that the Hartranft measure is aimed at Muzey's history, now used in high schools throughout the state, and which has caused trouble for more than a year. Several patriotic and fraternal organizations have demanded that use of the volume be discontinued in the schools, on the ground that it is "un-American in tendency, especially magnifying the acts of England, and minimizing the position of the American colonists during the Revolution."

S. A. Man Goes In Business for Self

Harry Joyce, who has been associated with Watkins bootery for the last three years, has resigned his position to enter business at San Bernardino as a member of the firm of Farris & Joyce. Before coming to Santa Ana, Joyce was with Wetherbee-Kayser, of Los Angeles. His new business associate, Farris, is also a Wetherbee-Kayser man. The new firm will specialize in high-grade shoes for women. They are now engaged in fitting up a splendid store at 391 E street, San Bernardino and will be open for business in about 10 days. Both Mr. and Mrs. Joyce made many friends during their stay in this city who will regret to see them leave. Joyce has been an active worker in the American Legion, the "40 and 8," and the junior chamber of commerce.

\$100 In Church Money Is Stolen By Sneak Thief

More than \$100, contained in small envelopes and representing the weekly offering of the congregation of the First Methodist church of Orange, was stolen from the pastor's study, at the church, at 1 p. m. yesterday, according to a report on file with the Santa Ana police, who were requested to search for the thief.

Two women, members of the church reported they saw a man enter the pastor's study at about the time the robbery was committed.

A man, described as being six feet tall, dark complexioned, dark eyes and dark hair, and wearing a blue suit, tan overcoat and dark shoes, is being sought. The stolen money was taken from the offering baskets, which, after the morning services, are placed in the pastor's study until after the services.

ANNOUNCE PROGRAM FOR BAND CONCERT

The Santa Ana Municipal band today continued preparations for the program to be given at the high school auditorium Wednesday evening as its closing number in the series of entertainments by the Santa Ana Dramatic and Music association.

The organization has added five professional musicians to its roster and has substituted a number of new instruments for old. According to D. C. Clanton, director, the program will be the best the organization ever has offered to the Santa Ana public.

Reginald Taylor, baritone singer of Anaheim, will contribute two numbers.

The program follows:

March, "Black Hills," (John Burri); Overture, "Pique Dame," (Suppe); Concerto, from Rigoletto, (Verdi-Bassi); by L. Roberts; vocal solo, Prologo from Pagliacci, (R. Leoncavallo), by Reginald Taylor, baritone; concert waltz, "Golden Shores," (John Hall); piccolo duet, "Nightingale and Thrush," (H. Kline); by Messrs. Briggs and Shippee; paraphrase, "Near My God to Thee" (O. Lange); vocal, "Drumadon," (Sanderson); by Reginald Taylor, baritone; serenade, from "Les Millies d'Arlequin," (Drigo); selection, from "The Red Widow," (Gheest); baritone solo, "The Calvary," (Paul Rodney); by Sig. E. Barilotti; Second "Hungarian Rhapsodie," (F. Litz).

EVANGELIST WILL TALK ON 'HEAVEN'

"Heaven" is to be the subject of the service of evangelism tonight at the First Baptist church. Miss Amy Lee Stockton, evangelist, will take as her theme, "Heaven—How Do We Get There? What Kind of a Place Is It? Whom Shall We See There?" The large chorus choir will sing a special number. Miss Rita Gould will render "The Land Where the Roses Never Fade," in the song service, the old songs of heaven will be featured.

Yesterday was a busy day for the evangelists, and in spite of the weather, large congregations filled the church. In the morning, Miss Stockton spoke on "The Return of the Traitor," Miss Gould sang "Spirit of God," by Neldinger.

At the evening service, the choir sang "Diadem." The mixed quartette sang "They Are Nailed to the Cross," and Miss Gould sang "The Prodigal Son." Miss Stockton spoke on "The Tragedy in a Young Man's Life," using the incident of the rich young ruler.

HIGH TAX MARK OF '20 PASSED BY SOUTHLAND

Reflecting business conditions that obtain in no other section of the United States, a survey of income tax collections in the Southern California district, for the calendar year 1924, which was released today by Collector Rex B. Goodell, shows that the increase in receipts compared with those of 1920, the year in which internal revenue collections reached the highest point in the history of the treasury, was 35 per cent, compared with a decrease of 54 per cent in the United States as a whole.

The Los Angeles district was the only internal revenue district in the United States that registered a gain in income receipts in 1924, compared with 1920, barring Florida, where the increase in receipts was \$842,000, as against the Los Angeles district's gain of \$12,425,455.

High spots in Collector Goodell's wonder figures were:

1—That for the calendar year 1924, the actual income tax receipts were \$47,532,062, compared with \$55,106,612 in 1920, a gain of \$12,425,455 or 22.5 per cent.

2—That in 1920 the full income tax rates were in operation but reductions provided by new revenue acts affected Southern California to the extent of \$14,120,041 in 1924.

For comparative purposes the 1924 figures should be \$61,652,103, an increase for 1924 over 1920 of 69 per cent.

3—That in the face of a flat reduction of 25 per cent or \$7,600,000 in income taxes payable in 1924, the collections for the calendar year 1924 were \$47,532,062, compared with \$39,005,975 in 1923, a gain of \$8,526,087, or 21.8 per cent.

4—That total collections for the calendar year 1924 were \$58,820,556, compared with \$54,099,185 in 1920. For comparative purposes the 1924 collections were \$84,230,556 as tax reductions operative in 1924 which did not affect 1920, amounted to \$25,400,000. Therefore the real increase in 1924 over 1920 was \$30,131,371 or 55 per cent.

5—That total collections for the calendar year 1924 increased \$7,921,575, or 15.5 per cent over 1923 in the face of a loss in revenue of \$9,900,000 due to the repeal in 1924 of taxes that were in full force in 1923.

6—That while the Los Angeles district's collection of income taxes in 1924 compared with 1920 gained 35 per cent, the income collections for the United States as a whole decreased \$2,155,825,017, or 54 per cent.

"Where is the real white spot of the United States?" Collector Goodell asked. "Just study these figures and you will get the answer. People must earn income before they pay income taxes."

Spanish Veterans To Institute Camp

Members of Calumet camp and auxiliary, United Spanish War veterans, will attend the institution of General Mitchell camp at Huntington Park, Wednesday night, Tom C. Galbraith, past department commander, who is the organizer of the camp, will officiate.

The meeting will be preceded by a parade of all participating camps and auxiliaries. The parade will start at 7:15 p. m., from the city hall.

All Spanish War veterans and their ladies are invited to attend the institution.

Radio expert at Hawley's.

CAPISTRANO'S HIGH SCHOOL COST IS \$571 PER STUDENT

Education Expense Runs High In Districts Where Attendance Is Not Large

PAY \$164 FOR EACH PUPIL IN SANTA ANA

Mitchell Gives Out Figures On Outlay In Various Parts of County

In the San Juan Capistrano high school district, the taxpayers are called upon to pay \$571 a year for each high school student, while in the Santa Ana high school district, 20 miles from Capistrano, the cost for educating a high school pupil is \$164 a year, showing a difference of not less than \$407 a pupil between the two districts. An equally notable contrast in costs obtains in the grammar schools of the county. Westminster pays \$53 a year for each pupil, while at Trabuco the charge is \$170.

These are the facts revealed in figures released today by R. P. Mitchell, county superintendent of schools, showing average attendance and average cost for each pupil in the different schools of the county.

Total cost of the public schools in the county is reported as \$4,582,070.21, distributed as follows: Kindergarten, \$140,405.34; elementary, \$2,419,483.96; secondary, \$1,483,598.08; junior colleges, \$152,392.83; redeemed bonds, \$175,750. The report adds that the bonded indebtedness carried on the books of the county amounts to \$4,260,875.

In releasing the figures for publication, Superintendent Mitchell pointed out that they were not given out for the purpose of furnishing arguments for or against any given proposition, but were released so that the taxpayers would have an intelligent understanding of the cost of public education.

While it is true that the figures may present arguments for consolidation of districts in order to bring up the attendance at a given school, and thus reduce the overhead, it is a matter that rests entirely with the taxpayers of the district and their elected school trustees, the superintendent declared.

He also intimated that, on the other hand, many arguments might be advanced against consolidation of school districts, one of them being the general aversion of the part of parents to having their children travel long distances to and from school.

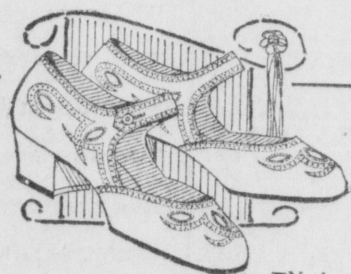

Limited attendance, as in the case of the Capistrano high school, reduced to 26 students, and in that of the Trabuco elementary school to a mere handful of children, eight, to be exact, is the principal reason for the high average cost per pupil reported at some places. General administration, economy or waste in handling supplies, and the like, are other factors in determining the cost, it was asserted.

Following is the average attendance and cost per pupil in each school district in Orange county:

Grammar grades	Attendance	Cost per pupil
Alamitos	27	\$7.94

"SKIMPIS"
THE P.O. SAFE AT MAD DOG, ARIZ. HAS BEEN ROBBED AND NEAR IT IS FOUND DAVE MANN'S KNIFE. PETE WOLF, A SALOON KEEPER, OFFERS TO HELP SHERIFF JIM BADGE FIND DAVE, WHO, AT THAT VERY MOMENT, IS BEING ACCEPTED BY NELL, THE SHERIFF'S DAUGHTER. HAVING BEEN WARNED BY "BUSTER" JONES, A LITTLE ORPHAN,

DAVE SURRENDERS HIMSELF AND IS LOCKED UP. THAT SAME NIGHT WOLF PROPOSES TO NELL WHO REFUSES HIM. ON LEAVING, HE RUNS INTO BESS WILDE, THE MAIL CLERK, WHOM HE PROMISED TO MARRY, PROVIDED SHE COULD "FRAME" DAVE. MEANWHILE "BUSTER" RIDES OFF ON A MYSTERIOUS ERRAND FOR HIS PAL AND PROTECTOR, DAVE MANN.

GIDDAP-GOSH HANGIT-GID DAP!
I KNOW, SIM, AN' SOS MINE! I DIDN'T ROB THAT SAFE BUT I CAN'T PROVE NO ALIBI!

NELL BADGE SPENDS A RESTLESS NIGHT, FILLED WITH TROUBLED DREAMS OF HER SWEET-HEART.

SEVENTH EPISODE TO-MORROW
A FIENDISH PLOT

SANTA ANA INDOOR BALL LEAGUE BEGINS TONIGHT; PLAN OPENING CEREMONIES

Lacking neither the color nor the custom of opening day in the big time circuits, Santa Ana's Indoor Baseball league, in which 11 strong local teams will battle it out for a handsome trophy and considerable prestige, will officially open here tonight on the splendid new indoor baseball diamond at the Santa Ana high school.

Joe C. Burke, Los Angeles attorney, former United States district attorney and the man who discovered Walter Johnson, according to Johnson's own statement in his life story, will pitch the first ball over the plate at 7:15 o'clock. Sheriff Sam Jernigan, also a rabid baseball fan, will endeavor to snare Burke's underhand shoot.

Contesting teams will represent the John McFadden Hardware company and the Fluor Construction company. The teams play 7 innings which is the rule in indoor baseball contests.

The McFaddens have one of the strongest aggregations in the city and they have played together for several seasons but they will have to hustle to trim the Builders, who, although a brand new team, are known to be a fine fielding organization and to have some hefty hitters.

Wilcox to Pitch
"Eeny" Wilcox, former Poly football captain, is slated to pitch for the McFaddens while it is probable that either "Fritz" Fluor or Piner will get the assignment for their opponents.

The indoor league season will last 11 weeks, concluding June 12. A series between the teams that finish first and second then will be played to decide the championship and the trophy.

Tomorrow night will send the powerful Robertson Electric company, another veteran team, against the recently former Register "ten." The Southern Counties Gas company and the Chandler Furniture company crews mingle Wednesday night. The O. A. Haley D.B.'s collide with the Roehm-Sylvester company Thursday night. The Excelsior Creamery company tackles the Kiwanis club on Friday night. The Southern California Edison company aggregation draws a bye and will not play until next week.

Crack Players Lined Up
Virtually all the leading indoor baseball pitchers and players in Santa Ana are enrolled on the various teams. These include Orlyn Robertson, Horace Snow, Don Jerome, "Eeny" Wilcox, Wayne Cobb, "Nelson," "Red," Angell, "Tex" Berkman and Earl Jones.

On advance "dope," which may or may not count for anything, the O. A. Haley D.B.'s are favored to romp in with their honors. The Auto men are loaded to the gunwales with talent and in Snow they have one of the steadiest pitchers in the business. The McFaddens, the Gas company and the Robertsons are other aggregations that are looked on with favor by the wagers.

Umpires for the week's contests were announced today by Ralph "Bert" Cole, league president. Earl Jones has been assigned to call the balls and strikes tonight. Bob Fernandez will officiate tomorrow night. Floyd Mitchell will handle the indicator Wednesday. Franklin Nickey will toil Thursday night and Sid Allender will "sweat" Friday.

It was reported that the papers had been signed and that Gibbons was to get 30 per cent of the receipts and that Tunny had accepted 20 per cent.

How long has Pancho Villa, fly-weight champion, been fighting and how many times has he been beaten?—G. F. L.

He has been fighting since 1919 and has taken part in about 100 bouts. He has been beaten four times. Frankie Genaro has two decisions over him.

How many times has any major league player batted a home run with the bases filled in one season of play?—G. F. L.

In 1919 Babe Ruth made four such wallops, the record for the majors.

When did Tris Speaker join the Cleveland club and with what team was he with before that?—F. R. N.

Jim Flynn is credited with putting him to sleep in one round in 1917. The report is that Dempsey was hungry that evening and did

Irvine Tilt Is Postponed But Fans are Happy

They didn't play the second game of the Irvine-Van Dien-Yung company baseball series yesterday but Irvine was just as happy today as if the Beaniepickers had stepped out and clinched the series by an overwhelming victory.

It rained at the cross-roads—rained enough to greatly encourage the Irvine ranchers so nobody was sorry the ball game had to be postponed. The second game and perhaps the deciding one is to be played at Irvine Park next Sunday.

GIBBONS BOUT ARTICLES MAY BE DRAWN UP

BY HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, March 30.—One of the few boxing attractions in prospect for the outdoor season may be arranged here today. Eddie Kane, manager of Tom Gibbons, arrived from Chicago and said he was going to sign Gibbons definitely for one match.

"I have awaited long enough for something to develop about a fight with Dempsey and I feel sure that he is never going to fight again. We have several offers and I'm here to accept one or all of them," he said.

Kane already has accepted, tentatively an offer made by promoters of the milk fund for a Gibbons-Wills fight in the Yankee Stadium in June but this match may never develop.

Wills apparently doesn't want to fight anyone but Dempsey and he has waited so long that he may lose the opportunity for any kind of a profitable fight.

It would be no surprise to hear the announcement today that Gibbons and Gene Tunney, American light heavyweight champion, have signed articles to meet at the Polo grounds in an early season bout.

It was reported that the papers had been signed and that Gibbons was to get 30 per cent of the receipts and that Tunney had accepted 20 per cent.

a Fred Fulton dive.

ATHERSTONE IS FIRST IN BIG TIJUANA RACE

Beats General Thatcher By Head In Driving Finish; Spic and Span Is Third

SAN DIEGO, Cal., March 30.—Mrs. Victor Vivadeau's Atherstone won the sixth running of the Cof-froth Handicap here yesterday.

George Wingfield's General Thatcher finished second, a head behind Atherstone, J. C. McGill's Spic and Span ran third and Phusla fourth. The time of 2:07.25 was very fast considering the sloppy condition of the track.

Twelve top notchers faced Start-or Marshall Cassidy in the mile and a quarter race, decided in a driving rain, but three of the best handicap horses in America, Mrs. Payne Whitney's Cherry Pie, I. B. Humphreys' Little Chief and T. P. Mills' Osprey, did not go to the post, the first because of track conditions and the latter two on account of injuries.

The owners of these three horses want to put their steeds in a consolation race, against the best that run Sunday including Phusla, Sun-spero, Cherry Pie, Chilhowee, Spic and Span, General Thatcher and the winner of the Cof-froth, Atherstone. The only stipulation is a fast track. The Jockey Club is thinking seriously of staging such a classic within a couple of weeks.

The race was worth \$56,246 to Atherstone's owner, Mrs. Victor Vivadeau of New York. The triumph was a complete upset of dope. Chilhowee, Kentucky sensation, and a heavy favorite, was doped as the probable winner.

Baron Long's Cherry Tree, well liked by the crowd, which numbered 20,000 despite the storm, slipped on the first out-turn, threw its rider, Jockey Walls, and went over the fence to run away across the infield. Neither horse nor rider was badly hurt.

Atherstone, well ridden by Jockey H. Wakeoff, broke with spring of the barrier and was in front all the way, closely pressed by General Thatcher. When the "General" made his final challenge in the stretch, Atherstone had the necessary speed and stamina to withstand the drive and the marathon gelding was out there, a winner by a head, when Presiding Judge W. Schilling gave his decision.

Atherstone paid 7 to 1 to win.

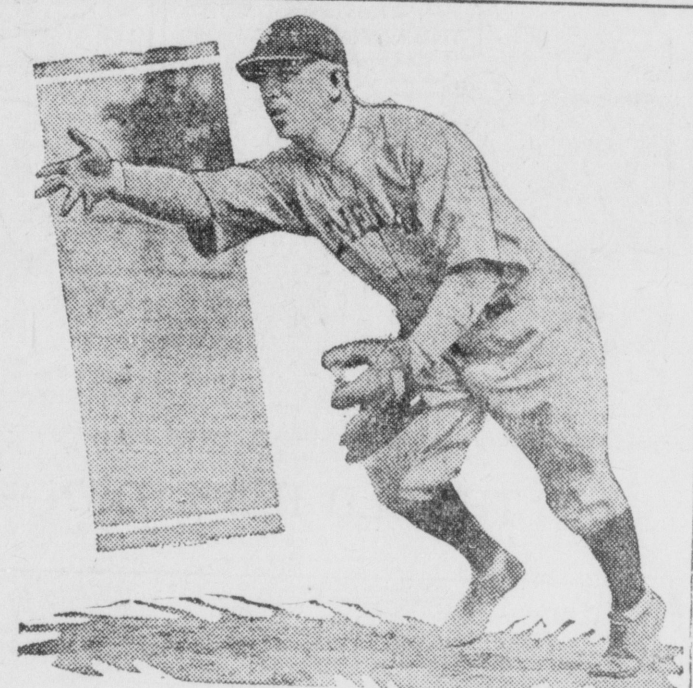

PIRATES OPEN L. A. SERIES TOMORROW

LOS ANGELES, March 30.—The Pittsburgh Pirates, colorful National league baseball team, will begin series against the Los Angeles and Vernon clubs here tomorrow.

The Pirates will tackle the Tigers first and Thursday will switch to the Angels. After playing Los Angeles again Friday, the Buccaners meet Vernon Saturday and Sunday.

There was no game here yesterday, wet grounds necessitating postponement of the scheduled Chicago-Los Angeles tilt. The Cubs are splitting into two groups for a jaunt into northern territory, changing places with the Pirates, who have just completed games in the north.

SPEAKER SAYS SEWELL WILL BE BEST SHORTSTOP IN LOOP

Joe Sewell should be the most valuable shortstop in the American league this season," says Manager Speaker in discussing his club's prospects.

"Joe has a big edge over all others when it comes to batting and his fielding is constantly improving. Any erratic features in his work can perhaps be traced to the fact that he has been forced to work with so many different second basemen."

Like Speaker, Joe himself figures this to be a Sewell year.

SANTA ANA MAKES 35 POINTS, FINISHES THIRD IN BIG J. C. MEET; CLAYES SETS 2 MARKS

Riverside junior college today held the track championship of the Southern California junior college conference following its victory over San Diego, Santa Ana, and four other contenders in the annual league meet at Pasadena Saturday. Eight conference records were smashed and two equalled during the afternoon.

Al Clayes, brilliant Santa Ana runner, proved himself the best sprinter in the junior colleges of the Southland when he captured first in both the 100 and 200-yard dashes.

Riverside claimed the meet after cornering a total of 57 points. San Diego placed second with 48 and Santa Ana third with 35. Other schools scoring were Pasadena, Chaffey, Fullerton and El Centro.

In both the century and the furlong, Clayes hit the tape in record time. The 100 he traversed in 10 seconds flat. His time for the 220

was 22 6-10 seconds. Points won by Clayes placed Santa Ana out in front among the strongest teams. Individually he took 14 markers.

Among the 120 athletes who competed in the meet, Maxwell of Riverside was the only other entrant who piled up a total of points equal to that made by Clayes.

Lloyd Morris of Santa Ana established a new conference record in the shot put. He heaved the 16-pound ball a distance of 38 feet, 4 inches, beating the old mark by 13 1-2 inches. Hollis Fitts of Santa Ana placed fourth.

Every member of the eight man team entered by Santa Ana junior college placed in some event. Five of the team won medals. Everett Lutz won the discus and took second in the pole vault. John Lutz leaped to a third in the broad jump.

One of the surprises of the meet came when Bob O'Brien of Santa Ana captured third in the gruelling two mile run. On the last turn of the race O'Brien put on a burst of speed and passed two runners.

In the broad jump all places but first were taken by Santa Ana. Clayes, John Lutz and Stewart Rittner formed the point winning delegation in the event. The results:

100-yard dash—Clayes (SA) first; Castle (SD) second; May (R) third; Decker (SD) fourth. Time 10 sec.

120-yard high hurdles—Chapman (SD) first; Maxwell (R) second; New-lis (R) third; Adams (O) fourth. Time 16 1-2 sec.

440-yard dash—Castle (R) first; Hoyt (SD) second; Fox (SD) third; Williams (R) fourth. Time 52 sec.

Two-mile run—Shimman (P) first; Leeson (R) second; O'Brien (SA) third; Decker (SD) fourth. Time 11 min. 52 1-2 sec.

220-yard dash—Clayes (SA) first; Castle (R) second; May (R) third; Leach (SD) fourth. Time 22 6-10 sec.

HAHN TO RACE NURMI IN L. A. MEET APRIL 25

LOS ANGELES, March 30.—Paavo Nurmi, Finnish running sensation, will face his most feared rival when he competes in the first two races at the Los Angeles Coliseum Saturday, April 25.

Lloyd Hahn, University of Nebraska one mile running star, the youth who three weeks ago broke Nurmi's indoor record for that distance has entered the athletic meet which the Rainbow Division Veterans are sponsoring. Hahn decided he would stand a better chance of defeating the "Phantom Finn" under the heat of a late April afternoon's sun in Southern California than he would in New York early in May, thus upsetting the plans of eastern athletic officials who have been endeavoring to arrange a meeting between the pair in the Yankee Stadium in New York following the return of Nurmi from the Pacific Coast.

Despite the popular impression that Nurmi is invincible to newspaper articles, it is declared by those close to Paavo that he was exceedingly peeved over the suggestion of several scribes that Hahn stood a good chance of humiliating the Finn by defeat at the one mile distance as soon as the outdoor season opened. The Los Angeles appearance of Nurmi will mark his first racing under the blue of the sky since he came to America.

Followers of Hahn are jubilant over the chance the Nebraskan will have to race Nurmi under climatic conditions greatly to the former's liking. California athletic authorities are confident that with Hahn pressing or defeating Nurmi the world record for one mile will be lowered.

While Hahn and other runners are forcing the Finn in the shorter race, the Sherman School Indians, picked by Charley Paddock as possessing the requisite ability to make Nurmi exult in the three mile race, should have a much easier task in their efforts to gain a decision over Paavo, that is, if any effort to defeat the seemingly invincible fellow can be termed easy. Around 500 athletes will take part in the Nurmi meet, many of them being stars of the 1924 Olympic games.

LOS ANGELES, March 30.—Three outstanding bouts are on the list for program for Los Angeles and vicinity this week.

At Boy's Vernon arena tomorrow night Dode Bercof and Bobbie Barrett, welterweights, fight a round match carded to go 10 rounds. Bercof was the winner in the first encounter, several weeks ago.

Another return fight is that between Huffman and Jack Lee, at the Wilmington A. C. Wednesday night. Huffman, after receiving bouquets for his fight against Tony Puente, took a buff on the chin from Lee when they clashed recently. He is trying to do a comeback in 10 rounds.

Two fast lightweights, Pat Mills and Mush Callahan, top the American Legion card in Hollywood Friday night. They are down for 10 rounds.

CHICAGO—The national intercollegiate basketball tournament staged by the University of Chicago will get under way here tomorrow morning with Miami, Fla., and Laramie, Wyo., playing the first game.

CHICAGO—Wayne "Big" Munn, claimant to the heavyweight wrestling championship, has announced he will appear at the benefit show for storm victims to be held here April 6. Munn meets "Toots" Mondt of Colorado, here tomorrow night.

LOS ANGELES—Rain washed the final game of the scheduled series off the Cubs training program today. Maraville and Griggs by remained here because of injuries, while the squad moved on for a couple of games with Sacramento.

LOS ANGELES—The Pittsburgh Pirates arrived here today to open an exhibition series with the Los Angeles Angels.

EUSTIS, Fla.—Connie Mack and his Athletics arrived here from Winterhaven for a game with the Baltimore Orioles this afternoon.

BIRMINGHAM, Ala.—Babe Ruth's traveling circus was here today for another game with the Brooklyn Robins. The Yankees won yesterday, 5 to 4.

JACKSONVILLE, Fla.—The New York Giants and Washington Senators met here today in the fifth game of the "Little World's Series." A triple play marked the Senators' defeat of the Toledo Mud Hens at St. Augustine, 9 to 1.

STOCKTON—The Cardinals journey to San Francisco today for a week's series before starting back to St. Louis.

GARR STARS AS PAINTERS WIN CLOSE BATTLE

Proving it could play flossy baseball away from home as well as on its home lot, the Shields Paint company baseball team of Santa Ana harpooned the San Pedro Fellowship club, 7 to 6, in a hectic 10-inning struggle at the Harbor city yesterday afternoon.

Consequently the locals were awaiting with confidence their coming game with the Irvine Beaniepickers, county champions. This game probably will be played at Irvine April 12.

It took some clever pinch-pitching by "Lefty" Gray to put the Painters on the heavy end of the score at San Pedro. "Husky" Jackson, starting on the turret for the Santa Anas, allowed only one bingle in six frames. He was replaced at the beginning of the seventh by Charlie Blaholder who turned out to be as wild as the wild man of Borneo. Charlie walked three which with three solid blows and an infield miff gave the foe four runs and a 5 to 2 lead.

During this outbreak Garr was hurried in from right field and he stopped the rally with but one more run coming across. When he took the slab there was one away and the sacks were fully occupied.

Hayden, Hudson and Kruger accounted for the longest swats of the game, all of these men slamming out doubles. Crist made three singles and Hayden and Hudson both garnered a brace of safeties.

The score:

Shields Paint Co.	AB	R	H	P	O	A	E
Crist, If	5	3	1	0	0	0	0
Blawcock, C	5	0	1	0	0	0	0

EUSTIS, Fla.—Connie Mack and his Athletics arrived here from Winterhaven for a game with the Baltimore Orioles this afternoon.

Two Youngsters To Hold Down Regular Berths With Tigers

Here are two regulars on whom Manager Bill Essick is placing much dependence for a high place in the Pacific Coast league pennant race this year. Jack Warner (above) is considered one of the best young prospects in baseball. He is slated to play regularly at third base for the Bengals. Jim Blakely (below) is a hard hitting outfielder with plenty of speed and fielding ability.

AMES HIGH AVERAGE MAN IN INDUSTRIAL LEAGUE.

"Moore" Ames, clean-up bowler with the Studebaker Garage team, is the leading shooter of the Santa Ana Industrial (three-man) league. Averages compiled today by Secretary Bill McConnell disclosed Ames is hitting the lumber at the rate of 184 pins a game.

Bert West is in second place just one pin in the van of McConnell. Frank Besser is fourth and is followed by Guy Martin, Lin Crawford and Torrens.

The Woods Realty company pulled away from the Dale Hardware company during the league by a comfortable margin.

Games this week follow: Monday—Register vs. Crawford; Tuesday—Studebaker vs. Dale; Wednesday—Bessers vs. Woods; Friday—Brooks vs. Fluor.

There is a Quick Relief for Sour Stomach.

Thousands of people have found in Smith Bros' famous old stomach tonic, M-A-C, a quick and reliable relief for sour stomach, excessive gas and other ailments resulting from a disordered stomach.

Many have found in M-A-C not only an immediate relief, but a tonic which in a short time strengthens the whole digestive system and encourages it to act with its old time vigor and healthy regularity.

You will find this reliable tonic to be mild in its action and easy to take. It contains no alcohol and is non-habit forming. Its long standing reputation has been built on its reliability as a quick and efficient relief. Many people keep it on hand as a household remedy for young and old.

If you want freedom from stomach discomfort, go today to the C. S. Kelley Drug Store at Santa Ana and ask for a bottle of M-A-C. Your money will be refunded on the first bottle if it does not bring relief. (Adv.)

POSSES CHASE MOVIE-GARBED BANDIT GANG

HANFORD, Calif., March 30.—Bandits who are arrayed like motion picture cowboys have passed up the job of robbing banks and taken to holding up isolated sheep camps on the plains between Hanford and Coalinga, the sheriff's offices here and at the oil city report.

Three picturesquely costumed marauders visited the camp of Frank Lawrence, Lemoore sheep raiser, southwest of here, and robbed the shepherd of \$125 in cash and numerous belongings, including his watch.

Scarcely had the Kings county officers been notified of this hold-up, when word was received from Constable T. J. Peterson, of Coalinga, that several other camps had been robbed in a similar manner and that the three knights of the road were traveling in a light roadster.

Swiftly the news traveled over the plains, till sheep herders and cowboys to the number of several dozen formed a posse for a drive on the robbers. The trail of the roadster was followed to a main highway leading into the Devil's Den country, where it was lost in the maze of broads in that section.

The sheepmen say that the men were apparently old hands at the business.

CULTIST WILL BE DECLARED INSANE

OROVILLE, Calif., March 30.—The religious fervor which prompted Mrs. Anna Rhodes, "roaring lion of the tribe of Judah," to brand her brother, Sherman Schallow, with the sign of the cross in a weird cultist ceremony, will be declared "temporarily insane" when she is brought into court next Wednesday.

Schallow died supposedly from the effects of the branding and Mrs. Rhodes and her husband Edward have been charged with criminal assault and released on \$5000 bail each.

Members of the fire cult, which held its ecstatic meetings at the Rhodes home, which they called the "Ark of the Covenant," have repudiated their high priestess in her hour of trial.

"We must have been crazy," her husband said today. "There was no sense to what we did. I ought to have stopped that branding business, but I was helpless. We were all in the grip of a powerful emotion. It was terrible."

So also declare other members with the exception of Mrs. Rhodes.

These figures, derived from comparing the financial statements for the years 1923 and 1924, do not represent the actual income account, which is never made public. In 1923, the profit and loss surplus was \$422,041.081; in 1924, \$542,476.497.

The financial statement, filed in Boston yesterday, shows cash, notes receivable, accounts receivable, securities, patent rights and trade marks of \$300,275,845, compared with \$271,618,668 the previous year.

From this statement some Wall street statisticians calculate the value of each share of Ford stock to be worth as much as \$6,000—which would place the total stock valuation at more than a billion dollars.

ORANGE TO SPEND \$200,000 FOR WATER

LA HABRA AND
RICHFIELD MEN
ARE ELECTED
CITY COUNCIL COMMITTEE
TAKES OPTION ON ACREAGE
FOR DRILLING TWO WELLS

ORANGE, March 30.—With the city confronted by a water crisis,
foreshadowed by startling revelations that the levels at the city wells
were being gradually dropping, making imminent the abandonment of one
well during the summer, the special water committee, appointed by the
city council, took its first official action toward the development of a fu-
ture water source, involving, as a first unit, a \$200,000 program capable
of ultimately supplying Orange with domestic water for a 30,000 popu-
lation.

As its first step in the am-
bitious program, which, when
completed will assure Orange of
a sound foundation for future
growth, the committee late yes-
terday closed an option on a
three and a half acre water site
on the Santa Ana river just north
of Collins avenue.

On this site, when the time
arrives, which, it is estimated,
will be within a year, the city
will drill two wells, each produc-
ing between 250 and 300 miners
inches of water, thus forming
nucleus of the proposed municipal
water.

Five Salient Features
Besides these wells, which will
be equipped with two turbine
pumps, one booster pump and a
small balancing reservoir, the sal-
ient features of the \$200,000 wa-
ter development, which is yet in
the tentative stage, include:

1.—Purchase of a reservoir site
at Olive, where for the present
a 6,000,000-gallon reservoir would
be erected.

2.—Installation of a 20-inch dis-
tributing line from the well site
for the full length of Collins ave-
nue to the Tustin street city
limits.

3.—Installation of a similar 20-
inch line from the reservoir to
Olive to "tie" onto the Collins
avenue line either at Glassell
street or Tustin street.

4.—Future improvements to
keep pace with the growth of the
city would consist of drilling of
additional wells on the water site
and creation of another 6,000,000-
gallon reservoir at the Olive site
when needed.

5.—Maintenance of one well, the
deepest, and the reservoir at the
present plant as a reserve unit
and the utilization of the other
equipment at the new plant.

The option procured provides
for the holding of the water site
for the city until June 1 of this
year. The transaction involved a
consideration of \$100, which sum,
according to the terms prepared
by City Attorney Coburn, will
apply on the purchase price.

The property belongs to Fred
Struck, former county supervisor,
who has agreed to sell the land
to the city at a consideration of
\$3,607, representing approximately
\$1000 an acre. Under the terms
of the contract, Struck has gen-
erously consented to accept \$1000
as initial payment and \$1000 an-
nually plus the customary inter-
est. However, the city can if it
desires pay the full amount at
any time, thus clearing its obliga-
tion.

Follows Investigation by Expert
Closing of the option followed
many months of investigation of
Santa Ana river water sites cul-
minated in the purchase of the
of the Struck property by J. B.
Lippincott, Los Angeles engineer
and water authority, who was re-
tained by the committee to con-
duct the engineering survey.

by the court order, to pay the \$50
a month toward their support.
McPherson now has the children,
but must deliver them to Louise
Miller in one week.

Seek Poison Mystery Clue
Seeking clue to the identity of
the person who mailed poison
candy to Dr. Luella F. Kerr, former-
ly of Garden Grove, postal authori-
ties, who seized a typewriter sus-
pected of being the machine used
in writing the address, were today
arranging for tests by experts. Dr.
Franklin Kerr, of Garden Grove,
estranged husband of the woman
physician, is charged with attempt-
ing to poison her, and will be tried
next Friday in federal court, Los
Angeles.

Baker Held for Trial
Harry O. Baker, accused slayer
of James Winn, San Bernardino
taxi driver, whose murder was dis-
covered after his abandoned and
blood-stained taxicab had been
found in Santa Ana, has been held
for trial in the San Bernardino
county superior court, according to
a word received today from that city.
He is expected to enter his plea
in superior court April 4. At
Baker's preliminary hearing, testi-
mony was introduced showing that,
two days before Winn was murder-
ed, Baker had in his possession a
steel bar similar to the weapon
used by the slayer.

Sustains \$110 Judgment
In a court decision filed Sat-
urday, Superior Judge J. B. West sus-
tained a judgment by Justice H. E.
Hart of La Habra, awarding Miss
Mabel McGee, real estate agent of
La Habra and Brea, the sum of
\$110 as a commission claimed
against Mrs. Charles W. Rist. Mrs.
Rist had appeared from the judg-
ment. Attorney Marks, Laun-
and Collins of Fullerton, represent-
ed Miss McGee. Attorney George
P. Holden, of Anaheim, was coun-
sel for Mrs. Rist.

Grants Restraining Order
A temporary restraining order
having been issued in the divorce
suit of Mrs. Laura Whiteside
against Baird Whiteside, trial of
the case has been set for May 25
in Superior Judge F. C. Drumm's
court, the records showed today.
Judge Drumm granted the restrain-
ing order, to prevent Whiteside
from disposing of community prop-
erty, pending the trial. At the
same time, Judge Drumm made an
order directing the defendant to
give custody of the couple's oldest
child to Mrs. Whiteside on April
27.

Must Surrender Children
Custody of two children and \$50
a month for their support were
provided in a superior court order
made by Judge F. C. Drumm. It
was shown today in the divorce
case of Mary J. McPherson against
H. B. McPherson, now awaiting
trial. The children have been
placed with a third party, Louise
Miller, and the father is directed,

Killed When Auto
Crashes In Store
WINDSOR, Ont., March 30.—
One of was killed and three
other occupants of an automobile
were seriously injured today
when the machine crashed into a
store building.

Loretta Dube, 16, was killed in-
stantly when a cross beam fell
upon her, following the crash.
Her sister, Germaine Dube, 18,
their two companions, Alfred
Bendland and Peter Jorard, were
taken to the hospital, but were
expected to recover.

The four were speeding home
from an all-night party.

OPPOSITION IN
SCHOOL VOTING
IS DEVELOPED

HUNTINGTON BEACH, March
30.—That opposition developed to
John H. Eader, candidate for
reelection to the grammar school
board at the polls Friday, was re-
vealed here today when the re-
sult of the school election was
made known.

Eader was opposed by Mrs.
Mary J. Newland. Eader re-
ceived 502 votes while Mrs. New-
land received 224. The vote was
said to be the heaviest school
election vote ever cast in this
city. Mrs. Newland was backed
for the school trustee position
by Rev. Luther A. Arthur, Amos
Huston, and other members of
the Taxpayers and Voters league.
Circular letters recommending
Mrs. Newland for grammar school
trustee were sent out by Rev.
Arthur.

The Taxpayers and Voters
league is said by the forces
which they oppose to be made up
largely of members of the Ku
Klux Klan. Amos Huston, be-
cause of a short campaign, hailed
the securing of 224 votes by Mrs.
Newland as a signal success for
his forces. Many of them re-
garded the defeat of Mrs. Newland
as a victory for the anti-Klan
forces of the town.

R. E. Larter and E. R. Brad-
bury were elected to the high
school board. C. N. Whitman
lead all candidates within the
city limits. Outlying districts de-
feated Whitman for the high
school board. The vote was as
follows: In the city, Whitman,
444; Larter, 671; Bradbury, 344;
and E. Ray Moore, 193.

From Los Angeles County
The case was transferred from
Los Angeles to Orange county on
a change of venue order secured
by Spearman, who resides at Ste-
wart station, near Brea. Counter
charges of custody for the main
issues of the battle for a divorce
decree. Besides the divorce, custody
of a daughter, aged 2, is at stake,
together with the wife's demand
for \$100 a month alimony, \$250 a
month fees, and \$25 costs.

Epithets Are Charged
As plaintiff in the action, Mrs.
Spearman charged non-support and
cruelty, alleging that he frequently
abused her verbally by calling her
"nigger" and other epithets. Mrs.
Spearman and her husband are
both "from the south."

This fact was brought to notice
today when Spearman was on the
stand denying charges of non-
support. He was explaining why his
wife had been in the Los Angeles
County hospital when she was ill
and why he did not give her money
while she was there.

"You saw the kind of people in
the ward with her; didn't you?"
asked Mrs. Spearman's attorney.
"You knew there was a negro in
the next bed to her, didn't you?"
You knew she is from the south,
didn't you?"

The attorney paused significant-
ly at that point. Spearman denied
that he knew there was a negro in
the "next bed." He said he knew
there was one colored woman in
the hospital at the time his wife
was there.

By denying all of his wife's
charges of cruelty and non-
support, Spearman filed a coun-
ter charge of cruelty and non-
support. He was explaining why his
wife had been in the Los Angeles
County hospital when she was ill
and why he did not give her money
while she was there.

"You saw the kind of people in
the ward with her; didn't you?"
asked Mrs. Spearman's attorney.
"You knew there was a negro in
the next bed to her, didn't you?"
You knew she is from the south,
didn't you?"

The attorney paused significant-
ly at that point. Spearman denied
that he knew there was a negro in
the "next bed." He said he knew
there was one colored woman in
the hospital at the time his wife
was there.

By denying all of his wife's
charges of cruelty and non-
support, Spearman filed a coun-
ter charge of cruelty and non-
support. He was explaining why his
wife had been in the Los Angeles
County hospital when she was ill
and why he did not give her money
while she was there.

County hospital when she was ill
and why he did not give her money
while she was there.

"You saw the kind of people in
the ward with her; didn't you?"
asked Mrs. Spearman's attorney.
"You knew there was a negro in
the next bed to her, didn't you?"
You knew she is from the south,
didn't you?"

The attorney paused significant-
ly at that point. Spearman denied
that he knew there was a negro in
the "next bed." He said he knew
there was one colored woman in
the hospital at the time his wife
was there.

By denying all of his wife's
charges of cruelty and non-
support, Spearman filed a coun-
ter charge of cruelty and non-
support. He was explaining why his
wife had been in the Los Angeles
County hospital when she was ill
and why he did not give her money
while she was there.

"You saw the kind of people in
the ward with her; didn't you?"
asked Mrs. Spearman's attorney.
"You knew there was a negro in
the next bed to her, didn't you?"
You knew she is from the south,
didn't you?"

Cut Faculty
Strength
At Fullerton

FULLERTON, March 30.—That eight members of the
local high school faculty will
not have contracts renewed
for the coming school year
as the result of the with-
drawal of the Brea-Olinda
district from the Fullerton
union high school district
was the announcement made
after Friday's meeting of
the board of trustees of the
school. Principal L. E.
Plummer was authorized to
make all adjustments in
staff, supplies and budget,
made necessary by the de-
creased attendance. It is
estimated that approxima-
ly 150 students will be lost
to the Fullerton school be-
cause of the change. The
junior college will not likely
be affected in any way,
Mr. Plummer declared today.

YOUTH ROUTS
H. B. MEN AT
CHECKER BOARD

HUNTINGTON BEACH, March
30.—"He came, he saw, and he
conquered."

Local checker sharks were today
rubbing their eyes, polishing up
their glasses and in general trying
to improve their game. Saturday
Solomon "Solly" Jeruchemohn, 16-
year-old checker wonder from Los
Angeles took them all on much to
their sorrow.

Solomon played all day with all
comers and when he stopped late
in the evening he had two draws
to his credit. The local "sharks"
did well to get a "king." Those
who watched the lad play, declared
that possibly 50 games were
played and the lad won all but two.

Incidentally, Solomon Jeruchem-
ohn is the first checker player of
the Jefferson high school checker
team. He came to the beach for a
day's pleasure, and happened to
drop into the games which are al-
ways in progress at the pavilion
near the pier.

The checker coach at the Jeff-
erson school, who accompanied the
lad here, declared that young
Jeruchemohn is the best player of
his age in the United States.

NEWPORT BEACH
BUILDING MARK
AT NEW TOTAL

NEWPORT BEACH, March 30.—
Building permits for March totaled
\$36,745, while permits since the
first of January, this year, were
\$77,021, according to figures com-
piled today by Tax Collector J. A.
Porter.

The March figures do not include
a new business block started today
on Bay avenue, opposite the city
hall and for which a permit has
not yet been issued. The building
will be two

EVENING SALUTATION

That alone belongs to you which you have bestowed.—Vemuna.

IN AN ORDERLY MANNER

While the aftermath of the raids conducted in this county last November by a self-organized committee, supposedly backed by the Ku Klux Klan, acting in conjunction with the Anti-Saloon League, is still with us in various court actions, our conclusions concerning the entire episode are definite.

We believe that the failure of most of the prosecutions, and the conviction, in the Shields case, of the detectives who were concerned in gathering most of the evidence upon which the raids were based, emphasizes the advisability of having all prosecutions of the state and county dry laws go through the legalized channels—especially so in this county, where, it is well known and generally conceded, the officers of the county are in full sympathy with the laws.

Efforts at prosecutions based on inexperienced evidence-gathering are almost certain to prove futile and unsatisfactory. It is a known fact that in this county juries are extremely fair in relation to the trial of violators of the liquor laws. Prosecutors are required to prove their cases by competent evidence. Years ago the presentation of fly detective evidence alone was tried out and found wanting before Orange county juries. Because of this fact, prosecutors in this county will not go to trial without other evidence, with which to support the detectives. For instance, when a detective is used by the district attorney's office, he is searched before he enters a place and searched when he comes out. This search is made by two or more county officers, and their testimony convinces a jury that the detective's story of finding the "evidence" on the premises must be true.

Evidence, hastily gathered, without regard to the technicalities of court procedure, is almost sure to be weak.

We believe that our county officers ought to use their utmost endeavors to stop bootlegging, not only because the law prohibits bootlegging, which is reason enough for vigorous prosecution, but because most of the stuff that is sold is utterly unfit for human consumption and is therefore a menace to the health of those who use it.

We believe that any person who has concrete suspicions concerning the location of blindpigs and the operations of bootleggers should report their suspicions at the courthouse, and that citizens in general should offer their co-operation to the officers of the county.

But efforts at prosecution ought to be thorough and with the county officers.

SCIENTIFIC LIGHTING

Householders, says an eye specialist, usually choose their light fixtures with regard only to looks. They want pretty and fashionable lamps. Factories and offices are outfitted particularly with regard to quality of light.

These aims are all right as far as they go, but they do not go far enough to protect eyes from improper lighting and glare. A great many individuals can see clearly but not comfortably, because the artificial lighting where they attempt to read or work at night or on dark days is not properly adjusted. They have to wear glasses simply because lamp efficiency is sacrificed for appearance.

There is no reason why the lighting arrangement in any home should not be suited to the needs and comfort of human eyes as well as to artistic and fashionable demands. In factories, a great amount of light need not be incompatible with lights properly placed and shielded as to glare.

"Eyes are not more defective today than they were years ago," says the specialist, "but the extent of near use of the eyes has increased and slight defects cause a lot of misery when the eyes are used at near range. Intelligent use of the eyes under proper lighting conditions will do more to remove eye-strain than a large army of eye specialists."

More intelligent lighting specialists seems to be the demand.

AS OTHERS SEE US

An authority on the American moving picture industry stated recently that now every film we are seeing here in America is sent right over to Europe so that "the people there are seeing exactly just what we are seeing, the best films made." This statement was supposed to be an answer to the often heard complaint that undesirable films were being shown abroad. It really answers that statement only by saying that American films abroad are just as good as American films at home. And movie critics have been saying lately that films are very much improved in the last year or two.

Perhaps the reason why American tourists abroad are ashamed of the American movies they see in foreign cities is that when away from home memory idealizes all things American. This idealization is then considerably jarred by pictures which portray American life as revolving around wild parties, exaggerated night life, wild west shooting frays and similar trite movie scenes. Such things simply are not typical of America. Seen in this country, they are merely amusing or boring according to the mood of the spectator. Seen in a foreign land, they are shocking because they are false.

If tourists want more truthful portrayals of all-around American life in the pictures they see abroad, they should start the demand in their native land.

KILLING THE INDIANS

W. F. Dodge, director of the American Indian Bureau at New York, says some very unpleasant things about Uncle Sam's administration of Indian affairs, especially the medical service. He would rather place himself under the care of an old Indian medicine man, he says, than under the average physician employed by the government.

He charges that there have been 200 deaths in a Pueblo tribe, 10 per cent of the tribe, from an epidemic of whooping cough, caused by lack of medical attention. A Navajo tribe, he says, has lost 24 per cent of its people through tuberculosis. Infant mortality is appalling. The death rate for the Indians is "three times higher than for any other race except the Chinese."

He does not blame the government physicians so much as the governmental system and congressional neglect. The average doctor caring for Indians receives "less pay than the average street cleaner." Civil service, he declares, is badly needed. The Golden Gate Magazine and other western publications

have been making similar criticisms for a long time. Something ought to be done about it, to preserve the race which once owned this continent and to save its conquerors from lasting shame.

ENTERTAINING ADS

An advertising expert, speaking to other advertisers, urges that newspaper display ads be made more humorous and less stiff and serious. He ran through a daily newspaper calling attention to two news stories on the first page humorously treated, a humorous poem on the fourth page dealing with a current topic, and an editorial advocating rubber lamp posts. "The spirit of these stories might be projected into the advertising columns to good effect," he concluded.

There is real point to this. Many advertisers have already livened up their ads with friendly or humorous touches that are eagerly read by the public. Others seem to take their goods and their adds with deadly seriousness, setting them forth with such dignity and solemnity that there isn't much pleasure in reading them.

Now that newspaper advertising fills so much space and is of so much importance, there is no reason why it should not be made readable, attractive, humanly appealing, and even occasionally humorous, like other parts of a live newspaper.

Having made the world more or less safe for democracy, it remains, as the Vancouver Sun observes, to "make it unsafe for hypocrisy."

Safeguarding Laguna

Laguna Beach Life.

There is no more magnificent spirit manifested than that which animates the governing bodies of a community in time of great distress or need. It is then that men and women rise to the greatest heights of civic duty and self sacrifice and philanthropy. On Monday of last week one of the flowers of the young girlhood of Laguna Beach met death in a traffic accident. It was entirely unavoidable and all evidence goes to show that the driver of the vehicle had used extraordinary care in guiding his great truck through the streets. But the accident served to awaken the citizens of Laguna Beach to the fact that there was an ever-present enemy in the lack of traffic regulations.

The first meeting of the Chamber of Commerce following the death of Marion Wood came on Wednesday, a few hours after the high school girl had been taken to her last resting place. It developed that the school bus already was being unloaded in a safer place. The directors discussed the situation frankly and voted solidly to take measures that would cure the traffic evils of Laguna Beach. Joe Skidmore and H. G. Heisler made magnificent offers of substantial help.

Following the lead of the Chamber of Commerce Supervisor George Jeffrey got in touch with county officials and J. L. McBride, superintendent of highways, promised to send his men and materials to mark the streets of Laguna Beach so that there will no longer be a confusion of traffic. After Deputy Sheriff Howard D. Cox had chased out the bootleggers he began a traffic campaign. The wholesale tagging of cars for minor violations was condemned because of Cox's failure to issue a warning to the people after so many years of habitual carelessness. But it is seen now that Cox had the right idea and a similar crusade, with a proper warning to the auto owners, would not be received so coldly.

In less than two months there will be new traffic problems for the Coast Highway will be open to Laguna Beach. Now is the time to provide for the handling of that traffic.

Let's curb the speedsters!

Trees For the Highways

San Francisco Chronicle.

What a noble avenue would be El Camino Real lined on both sides with trees from San Francisco to Mexico! It is now a splendid highway on which occasional tree-bordered stretches help us to see how magnificent it would be if these could be made continuous.

There are already public suggestions of such a plan. We do not doubt that everyone will be for it. We hope that every county traversed by this great coast highway will take it up and plant the trees. So managed, it would be no tremendous undertaking. Suitable trees, properly planted and cared for until they were rooted would thereafter take care of themselves.

The very fact that one variety of tree would not be suitable on all the 600 miles of this royal road would give it added charm. One can visualize a highway composed of a succession of varied avenues, one, let us say, of palms, another of eucalyptus, here one of cottonwoods, there one of pines, another of poplars, and so on, according to the changing nature of the ground.

The Highway Commission has already carried out some successful transplanting by roads in various parts of the state. There are notable examples between Bakersfield and the Tejon pass, in the vicinity of Sacramento, Marysville, Chico and elsewhere. And in various places scattered throughout the state there are older roads made glorious by the trees planted long ago by pioneers. Such, for example, are the avenues of palms at Ontario and at Fresno and the magnificent cottonwood-shaded roads southwest of Bakersfield. And no finer illustration can be found than the eucalyptus-lined highway through Burlingame.

All these show us what can be done and make Californians eager to see the highways generally bordered by trees.

YOUR HEALTH

By DR. CLIFFORD C. ROBINSON

AVOIDING INFLUENZA

Influenza, an acute infectious disease, in practically all cases involves the respiratory tract, gastro-intestinal canal and in many persons the nervous system together with a weakened heart and reduced circulation. It is also met with endemically in certain localities or peculiar to some classes of people. One must constantly be on guard to stave off influenza during the germ season (winter and early spring).

To escape its devastating attack one should always avoid getting a chill, especially if one is not robust with strong powers of endurance. Any undue exposure during severe weather, or going for hours with wet feet, should be avoided.

The gastro-intestinal tract must be carefully attended to to avoid any chance of intestinal poisoning. If the digestive tract is kept in a healthy condition by sensible diet and plenty of good drinking water, thus avoiding attacks of constipation, one may be fairly immune. Swollen and inflamed tonsils and adenoid tissue, or poisons from pus infection at the roots of teeth, may also weaken the system by poisoning the life stream.

Your condition of resistance should be constantly kept in mind to avoid influenza. Worry and nervous troubles lower your vital powers and weaken the endocrine system.

Beware of the least appearance of sore throat or a beginning dull headache. Don't let any such condition go for even an hour if you can possibly prevent it.

Be sure you get the full required time of sleep. Don't overwork your heart.

The weakened heart spells nervous ailments. These may seriously affect the kidneys and cause depression of the glandular system.

Big Babies

"We Will Rebuild"

San Diego Union

Over the wires from Murphysboro, Ill., there has come an item of news that will deserve a line or so in the epic of America, if ever there appears a poet great enough to put that epic into words. It tells how 100 men of Murphysboro cheered when one of their number voiced the determination to rebuild the little city out of its ruins. What a cheer it must have been—raised by men whose homes were in ruins, whose little plans of a lifetime had been overthrown, whose pitiful dead were awaiting burial. It was not a boisterous, noisy, "booster" cheer; of that you may be sure. It meant something.

The word that aroused those men was the word, "rebuild;" and their straggling cheer from their meeting place in the ruins echoed a spirit that will survive any disaster, overcome any defeat, meet any challenge.

The world has heard that cheer before and will hear it again, as long as eternal hope remains a part of the human equipment, and there persists in the average man something that defies the most cruel accidents and asserts a superiority over them.

Men crippled and ruined by war have raised that cheer at the thought of rebuilding, and armies shattered in battle have raised that cheer when a leader has appeared to arouse the hope of redeeming their defeat. Great nations and small ones, big cities and little ones, have raised that cheer and taken heart from it.

If there is one man left on this little globe when the ancient forecasts are fulfilled, and the earth crashes in a planetary wreck, a one-man version of that same defiant cheer will be the last sound to come up from the dust of the broken stars.

Worth While Verse

LIFE

Let me but live my life from year to year
With forward face and unreluctant soul;
Not hurrying to, nor turning from the goal;
Not mourning for the things that disappear.
In the dim past, nor holding back in fear
From what the future veils; but with a whole
And happy heart, that pays its toll
To Youth and Age, and travels on with cheer.

So let the way wind up the hill or down,
O'er rough or smooth, the journey will be joy;
Still seeking what I sought when but a boy,
New friendships, high adventure, and a crown,
My heart will keep the courage of the quest,
And hope the road's last turn will be the best.

—Henry Van Dyke.

Time to Smile

KNEW SHE WAS A DRIVER

Irritable Husband (to wife driving a nail): How do you expect to knock a nail in the wall with a clothes-brush? For goodness' sake use your head, dear!—Good Hardware.

READY FOR TRIAL

Judge—Are you the defendant in this case?
Dumbbell—No, sir, I got a lawyer to do my defendin'. I'm the man what stole the automobile.

SAFETY FIRST

Mother—Jimmie, what would you like to give your cousin, Tom, for his birthday?
Jimmie—I know, but I'm not big enough!—The Progressive Grocer.

WHERE DEATH IS MILD

We're not pessimistic, on the contrary we are happy. We live in the best port in China. Tientsin is a health resort, and if you will look at our statistical reports you will see that we have less serious deaths than any other port, all other aspirants to the contrary.—Mei Foo Shield, Shanghai.

NOT OVER ANXIOUS

Ada—I understand your husband can't meet his creditors.
Jane—I don't believe he wants to especially.—Good Hardware.

HOPELESS

"What's the matter?"
"I have lost my dog!"
"Why not advertise for it?"
"It can't read!"—Kasper, Stockholm.

NO SECRET

"Oh, mummy, that man's bald!"
"Hush, dear, or he'll hear you!"
"But he knows already, doesn't he?"—Good Hardware.

CROWN HIM

Tom—I have found the meanest man at last.
John—Who? What did he do?
Tom—He's deaf, and has never told his barber.—Stillson Zenith.

Little Benny's Note Book

by Lee Pope

Mr. Parkins bawled my sister Gladdis another box of candy last night, and this afternoon she was in the dining room ironing a dress on account of wanting to wear it tonight and our cook Nora saying she was too bizzzy, and I sed, Hey Gladdis, give me a peeces of candy will you Gladdis?

I'm down heer ironing and the candy is up in my room, do you want me to run up and get it for you? Gladdis sed,

Meaning she wouldnt even if I did want her to, and I sed, Ill go up and get it, shall I Gladdis? Do you want me to, Gladdis?

No thanks, Gladdis sed. Me standing there keepin on asking her, and after a while she sed, O for Peet sake, Ill be gray haired in a minute and this dress will be scortched to a cinder. Now listen, there are 2 round peeces in the box with strawberry cream inside, and I dont care much for strawberry cream so you can go up and take those 2, they are the only 2 round ones in the box so you cant mistake them, the box is under my pillow, she sed.

G. horray, thats my favorite kind, I sed. And I quick run up in her room and after a while I came down agen saying, Well I found them all rite.

You didnt half to be very brite for that, Gladdis sed, and I sed, Well, it wasent sutch a cinch, I wasent sure wich ones they was at first so I taisted one with a nut in it and I knew you wouldnt want me to put it back half bit off so I ate the rest of it.

Didnt I tell you the strawberry creams were round? Gladdis sed, and I sed, Well I thawt you mite of made a mistake.

O you dont tell me, and how meny more did you feel it necessary to taist? Gladdis sed, and I sed, Not meny.

Did you taist eny chocklet covered cherries? Gladdis sed.

Ony 2, I sed, and she sed, You mizerible little shrimp thats all there were in there. And she started to chase me but I got out the front door without her coming enywhere near me, but there probably wont be much use of me asking her for eny more candy for a while.

IN THE LONG AGO

14 Years Ago Today
From the Register Files

MARCH 30, 1911

Virtually every church in the city will unite beginning April 10 for a series of revival services which the Rev. J. E. Brown, widely known evangelist, will conduct here.

Assemblyman Clyde Bishop returned here today from Sacramento.

First steps to incorporate the city of Stanton were taken.

City Attorney Rush Blodget of Huntington Beach presented the Orange County Law Library with a number of valuable books.

Dana Keech and Newton Benedict, local boys, are hard at work building a new airplane.

Mrs. O. H. Saywell of Long Beach committed suicide by drinking chloroform and then throwing herself in Alamitos bay.

One Year Ago Today

The German People's Party declared in favor of a democratic monarchy.

My Sweetie

Hal
Cochran's
DAILY
POEM

SOMETIMES believe she belongs in a frame like a picture an artist I would paint. Her features with beauty are always aflame, and her actions and accent are quaint.

Her fair golden tresses are bobbed up real neat and a ribbon is tied in a bow. In things that she does she is always discreet. She's the sweetest I'er hope to know.

How often I've patted her soft little hand and how often she's sat on my knee. I feel that she certainly must understand what she's constantly meaning to me.

Oh, no, she's not grown. She has only reached four. She's a wee little daughter, you see. I love her as such, and I love, what's more, 'cause she's also a sweetie to me.

State's Biggest Business

Santa Barbara News

If the figures prepared by an engineer of the United States Department of Agriculture for the State Highway Commission are approximately correct, the automobile is the big business of the state.

To operate the automobiles owned in this state alone, according to these figures cost at least \$700,000,000 last year and the indications are that the coming year will see this record eclipsed.

These figures were prepared by L. I. Hewes and are included in a report to Harvey M. Toy, chairman of the State Highway Commission. The report says:

"The registration for 1924 is 1,388,458 vehicles, for which the gas tax of \$9.72 per vehicle, indicates a consumption of 486 gallons each. On a basis of fifteen miles to the gallon, which is considered safe for California highway condi-

tions, there results a total operation of 10,122,000,000 vehicle miles for the year 1924.

"To this vast total vehicle mileage must be applied the cost, per vehicle mile of operation. This cost figured at its minimum shows for fixed charges approximately 2 cents, and for variable charges 3.96 cents per vehicle mile or a total of 5.96 cents."

With this record of automobile travel in a single year of more than ten billion miles it is no wonder that the railroads are suffering from loss of patronage. With the steady improvement of the automobile and the increase in the mileage of good roads there will come a steady gain in automobile use.

California's biggest business seems to be the operation of automobiles and there is every indication that it is only in its infancy.

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission of Evangelism of Federal Council of Churches of Christ in America.

MONDAY

Turning per God
Read Lk. 15:1-10. Text: 15:10.
There is joy in the presence of the angels of God over one sinner that repenteth.

MEDITATION—God has endowed us with an instinctive love for himself and a disposition to help others. The "homeing instinct" to be in communion with God may lie dormant through lack of instruction or be perverted through wilfulness. When life is not moving forward towards God it is losing itself. When the soul is not growing in grace and knowledge of God it is becoming lost. "All we like sheep" wandered and became entangled with goats as a comedian in the musical material things and "there is no shows, born in New York City, 67 health in us." But all the while the years ago today.

(Copyright, 1925—F. L. Fagley)

Today's Birthdays

Joseph Gailloux, the former French premier who is again active in politics after having once been exiled from his country, born 62 years ago today.

De Wolf Hopper, who has entered the third generation of play-wander and become entangled with goats as a comedian in the musical material things and "there is no shows, born in New York City, 67 health in us." But all the while the years ago today.

ADVENTURES OF THE TWINS

Olive Roberts Barton

NO. 19.—THE OLD SWIMMING HOLE

"And now," said the March fairyman shaking hands with both Hare, "the next thing to get ready of them. 'Very old friends, in-for spring is the Old Swimming Hole!'"

"Where's that?" asked the twins.
"Away up the creek where the boys go swimming," said the March Hare. "Spring isn't rightly here until the swimming hole is cleaned out and fixed up in fine shape. Besides, several people living there must be given notice to move."

"Then," said Nancy quickly, "if it's a case of moving, we'd better get Mister Tingaling, the landlord, and get him to go along with us."

"A very good idea, indeed!" agreed the March Hare. "We'll go to his house and get him."

"Sure, I'll go," said Mister Tingaling when he heard it. "I have to get around a bit and attend to my house-renting anyway. I'll get my ice-cream saucer hat with the feather in it, and go right along."

Then he called out to the kitchen, "Mrs. Tingaling! Oh, Mrs. Tingaling! I'm going out on business and I'll not be back to lunch. If you want me for anything, telephone to the Old Swimming Hole. I have to see some of my tenants there."

"Get on my back and I'll ride you," said the March Hare. "You aren't any larger than these children, being a fairy and everything. The reason they are small enough to ride on my back is that they have magic shoes that make them shrink."

"Mister Tingaling, this is Nancy—and Nick, Nancy and Nick, this is Mister Tingaling."

"We're old friends," said the
